

Many Changes Due For Indian Act

OTTAWA (CP)—A drastic revision of Canada's Indian Act will be placed before the Commons this week.

Finishing touches on a big rewrite job on the measure are being applied by Parliament's Indian committee, and chairman Donald Brown, Lib., Essex West, Ont., said today an interim report will be brought in this week.

The committee has been at work on the task for three parliamentary sessions.

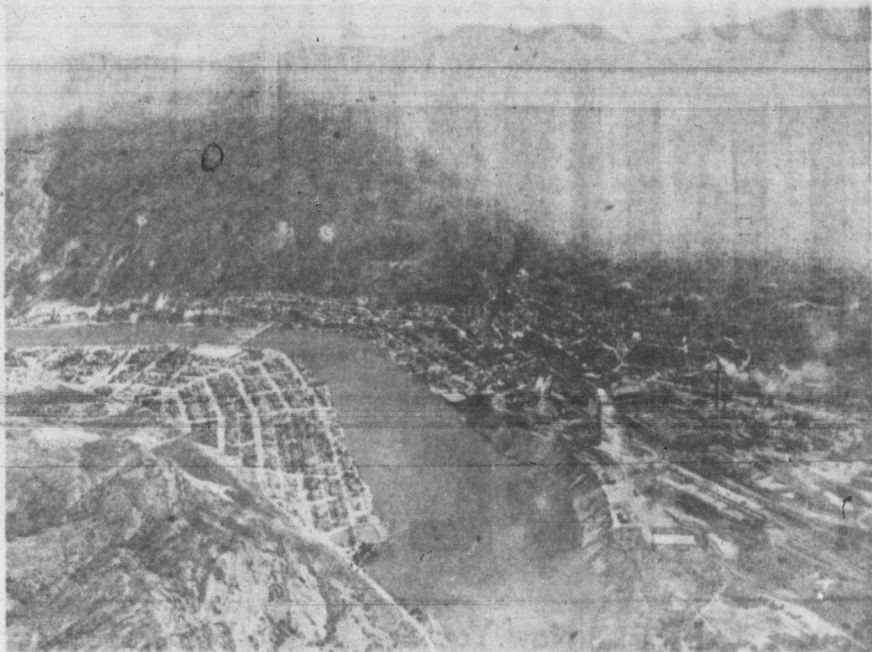

Mr. Brown said this week's report will consist of recommendations regarding basic policy in the act governing Indians. Before the end of the month, the committee will bring down another set of recommendations dealing with administrative procedures under the legislation.

Mother, Daughter, Son Get University Degrees

BLOOMINGTON, Ind. (AP)—Mrs. Ethel Munimart Griffith and two of her five children got degrees from Indiana University Sunday. Mrs. Griffith and a daughter, Kathryn Jane, received master of science degrees in education, and a son, Charles, was granted a bachelor of science degree in chemistry. The family plans to stay here till two other sons, James and Clarence, and James' wife, Beverly, get degrees, too.

'Singin' Sam' Dies

RICHMOND, Ind. (AP)—Harry Frankel, for almost two decades the distinguished Jewish cantor, died in a hospital Saturday after suffering a heart attack at his home here. He was 60 years old. An old-time vaudeville performer, Frankel broke into radio with station WLW in Cincinnati in 1929.

TRAIL FROM THE AIR—This interesting aerial picture of Trail, British Columbia's great mining centre, was taken Saturday when the waters of the Columbia River were at their height and threatened sections of the town. Many of the homes on the low river banks were under water. The large plant of the Consolidated Mining and Smelting Co. is shown at the right. Most of the residences are on the left bank. The bridge which connects the two sections of town has not suffered from the high water.

Victorian Awarded Medal For Exploits

INSPECTOR H. A. LARSEN

LONDON (CP)—Two Canadians were honored today by the Royal Geographical Society. Dr. Charles Cammell, former deputy Minister of Mines, received the Founder's Medal—awarded him by King George two years ago—for advancement of the geology and geography of the Canadian north.

Dr. Cammell also accepted the Patron's Medal in behalf of R.C.M.P. Sub-Inspector Henry Larsen. It was awarded in recognition of Inspector Larsen's navigation of the R.C.M.P. power schooner St. Roch eastward and westward through the Northwest Passage.

(Inspector Larsen's home address is 2440 Central Avenue, Oak Bay. He now is aboard his ship in the Arctic.)

Douglas Describes Slender Suit As Bluff

WATROUS, Sask. (CP)—Premier T. C. Douglas, describing Saskatchewan Liberal leader Walter Tucker's \$100,000 slander suit against him as "just a bluff," predicted here Saturday it would be dropped after the provincial election June 24.

Announcement by Mr. Tucker Saturday that he would sue

Campaign To Build Publicity Bureau Reported Lagging

The Rotary Clubs' campaign to raise \$20,000 for the construction of a new, ultra-modern building on the northwest corner of the Causeway for occupancy by the Victoria and Island Publicity Bureau has been slowed down during past weeks by the current drive for Fraser River flood victims, Dick Bates, publicity man for the Rotary campaign, reported today.

At the start of the drive in April, it had been thought by campaign directors the objective would be reached within two weeks and that an early start would be made on construction. It was their hope the building would be completed and occupied this week.

Mr. Bates said today the campaign for funds is continuing and that construction will be done during the summer.

Although no definite figures are available, he said, the drive was now somewhere around the half-way mark.

The building will be tax and rent free for 20 years under the provisions of a lease held by the Rotary Club from the City Council.

Weather

Weather synopsis and official forecast issued by the Dominion Public Weather Office at Vancouver, valid until Tuesday midnight.

A moist pool of air over the province continues to cause extensive cloudiness across B.C. today. Widespread thunderstorms are expected to develop this afternoon and again tomorrow afternoon in all sections of the interior. Improving weather is forecast for the coast today and Tuesday, with slowly clearing skies and rising temperatures.

Vancouver and vicinity—Cloudy, drizzle, today and Tuesday. Light winds. Overcast, becoming clear by late afternoon. Tuesday overcast, clearing about noon. Light winds. Warmer. Low tonight and high tomorrow at Vancouver Airport 55-70. Abbotsford 55-72. Nanaimo 55-70.

Victoria and vicinity—Cloudy, becoming clear this afternoon. Tuesday variable cloudiness during the morning, becoming clear by noon. Light winds. Warmer. Low tonight and high Tuesday at Victoria 50-65.

West Coast Vancouver Island—Cloudy today and Tuesday. Light winds. Warmer. Low tonight and high Tuesday at Estevan 55-65.

Rain Checks Huge Forest Fires In Northern Quebec, Ontario

TORONTO (CP)—Rain fell generally today over most of the fire areas of northwestern Quebec and occasional light showers were reported in northern Ontario.

A steady drizzle fell over the Rouyn area of Quebec. An official of the Canadian International Paper Co. said the situation looked "pretty good."

In northern Ontario, weathermen said the rain "won't amount to much." Light rain was reported at Fort Qu'Appelle and Carleton Place. There were occasional showers at North Bay.

Week-end showers checked flames slightly in the big fire areas of Mississagi and Chapleau but shifting winds added to the troubles of fire crews.

A ten-minute shower at Maniwaki, north of Ottawa, brought firefighters their first respite in 20 days. Fires continued to rage at Clova, 50 miles north of Maniwaki, and at Forbes Depot, 45 miles northwest.

Forestry officials said more than 1,000,000 acres of northern Ontario bush has been closed. Main highways are open, however, and travelers are allowed to visit recognized tourist establishments and summer cottages as long as they stay close to the lakes and keep out of the bush.

Flood Decrease Noted

VANCOUVER (CP)—For the first time in 17 days the Fraser River fell below the 24-foot mark on the Mission gauge. The lowering waters today registered 23.98 feet, continuing the downward trend that is causing flood-fighters to believe they have licked the giant at last.

Storekeeper Crushed To Death As Car Topples Over Stump

Elov Sven Sivertson, aged 32 years, unmarried, of Brentwood Bay store, was killed almost instantly at 2:47 Sunday morning when the light delivery truck he was driving was in an unusual accident on Hagan Road, Brentwood.

This was the second highway fatality of the year on Saanich police records, the other occurring on Feb. 1. This brings the traffic-death toll for Victoria and district to five for 1948.

The dead man and his brother, Steve Sivertson, were co-owners of the Brentwood store. They came here two and one-half years ago from Powell River. Members of his family live there. Burial will take place at Powell River. Saanich Constables Robert Adrian and Leslie Ledson attended and report Sivertson was traveling south on Hagan when the accident occurred.

A passenger in the truck, Miss Florence Woodward, Beach Drive, Brentwood, miraculously escaped serious injury when her head crashed through the windshield. The constable said the right wheel of the truck climbed up a stump, with a leap on it, to such a degree that the vehicle fell over on its left side.

Apparently the left door came open at the same time and the driver slid partly out of his seat. He was pinned and badly crushed when the driving side hit the ground.

Constable Adrian said that although Miss Woodward was suffering from severe lacerations, bruises and shock after the impact had sent her head through the window, she had the presence of mind to blow the horn to attract attention.

V. C. Dawson, George, Lawrence and Louis Hafer, all of Brentwood, and Ray Hawthorne of Comox, nearby heard the crash and the horn-toting and ran to give help. They put the truck back on its wheels, placed the injured man on the ground and took Miss Woodward to Dawson's house.

Dr. E. C. Whitehouse, Brentwood, was called. He believed the driver dead after examination and attended to Miss Woodward. She was not taken to hospital.

The policemen took Sivertson to Jubilee Hospital on an emergency run in the hope something could be done for him. He was pronounced dead on arrival. An inquest will be held this week at Sands Mortuary Ltd.

Injunction Granted To Ban Big U.S. Maritime Walkout

NEW YORK (AP)—A U.S. district court judge today granted the government a temporary injunction restraining a threatened country-wide strike of more than 100,000 maritime workers.

The strike has been threatened by the seven unions involved for any time after tomorrow midnight. It would involve dock workers on the east, gulf and west coasts as well as the seamen who man most of the nation's merchant shipping.

The injunction, asked by the Department of Justice acting under orders from President Truman, was granted by Federal Judge John W. Clancy.

The injunction specifically names the National Maritime Union, the Marine Engineers' Beneficial Association and the American Radio Association, all C.I.O. affiliates, as well as unlicensed shipping personnel and 54 shipping companies.

Judge Clancy's order also restrains the ship operators from locking out union workers. The petition asked the court to order the unions and the ship operators to resume collective bargaining "in good faith."

Before the petition was filed, Joseph Curran, president of the C.I.O. National Maritime Union—largest of the seven—had said his union would not "defy" the law.

The Justice Department charged the threatened tie-up en-

Coal Shortage Looms As Result Of Rail Tie-up

A fuel shortage in Victoria this winter loomed as a result of the current rail tie-up caused by the Fraser River flood, it was learned today.

It was learned that the flood would delay the shipment to Victoria of between 10,000 to 15,000 tons of coal from Alberta coal fields—an important source of fuel supply.

Due to broken rail connections, tons of coal were being held up at Jasper and Kamloops for shipment to Vancouver Island, a coal merchant said.

He stated that coal would start to arrive here around Aug. 1. "I don't think we will receive any coal shipment before then," he said. "It will take some time before the rails and bridges are repaired and to catch up with delayed shipments."

FROM ISLAND MINES
Coal merchants said they had enough coal on hand to supply local industries. Additional coal supplies were being brought down from Vancouver Island coal mines to make up for the delay in prairie coal.

"I believe there will be a serious coal shortage this winter," said one coal merchant. "We are just able to cope with industrial needs just now. The delay is bound to affect our winter stocks."

Another dealer said in a pinch coal could be shipped down from Prince Rupert, but this would result in higher transportation costs. "I don't see how coal can go up any higher," he stated. "It is high enough now and if there were any additional price increase people would not buy."

May Run Wednesday

VANCOUVER (CP)—Trans-Canada rail service, cut off by floods since June 5, may be back in operation by Wednesday, railway officials reported today.

Repairs on all washouts on the main line of the C.P.R. will be completed by then, and the C.N.R. is making progress in its repair work.

Work trains now are running over the C.P.R. line making final tests.

All Fighting In Palestine Apparently At Last Stopped

By MAX BOYD

CAIRO (AP)—The Arabs-Jewish truce was reported to have brought quiet to Palestine at last today. The United Nations mediator was on Rhodes, Greek Mediterranean island off Turkey, setting up headquarters for negotiations toward lasting peace.

Both Jews and Syrians charged new violations in northern Palestine Sunday of the four-week armistice that began Friday morning under U.N. sponsorship. The Jews said they had been forced to fight back. The Syrians threatened to do so.

But two truce observers, United States naval officers, got back to Tel Aviv from the northern front Sunday night and reported all quiet there. A Jewish communiqué said the fighting stopped Sunday morning.

The Jews welcomed 420 immigrants to Tel Aviv Sunday night. They got their first food convoy in more than seven weeks through from Tel Aviv to Jerusalem Sunday.

The U.N. mediator, Count Folke Bernadotte of Sweden, flew into Rhodes and said he had word the Holy Land had "calmed down."

He would say nothing about future negotiations. He planned to go back to Cairo Tuesday to see the Arab League political committee and then to Tel Aviv Thursday to meet Israeli leaders. King Abdullah of Trans-Jordan told an interviewer in Amman that Arab acceptance of the truce "does not mean in any way that our determination to fight Zionism has weakened."

Israel has insisted on statehood in a partitioned Palestine. Abdullah called for "a unitary Arab state in which the Jews would have full citizenship and local independence."

"But this is not yet the time for discussing these political matters," he said, "and we are concerned with the greatest task—fighting Zionism and unifying Palestine."

He denied reports he favored a union of Palestine and Trans-Jordan. He would follow the decisions of all Arab countries on Palestine's political future.

The Israeli government wrote John Reedman of the U.N. staff in Tel Aviv that the Syrian army had broken the truce with attacks on three Jewish settlements in Galilee and said Israel's army had had "to renew its activities in self-defence."

In Damascus, Syrian Premier Jamil Mardam Bey told a newspaperman that the Jews attacked Sunday morning in the Baniyas area and inflicted some casualties at Tel Khenzir. Syria warned she would send her troops back into action unless Jewish "aggressions" stopped.

To Sign Pact At Warsaw

BUDAPEST (AP)—A Hungarian delegation will leave for Warsaw June 16 to negotiate a friendship and mutual assistance pact with Poland. Premier Lajos Dinnyes will head the Hungarian group.

New AUTO-HOME SHAVER! Now, one electric shaver, serves on the road, on camping trips, at home or in the office. Operates on your car battery or on any electric plug into any electric outlet. The Remington Auto-Home (Foursome Model) - \$29.95.

Work Loss Through Floods On Increase In Victoria

Approximately 300 men swelled the ranks of Victoria's 2,000 unemployed today as wheels of industry began to slow down due to lack of materials and the freight embargo caused by mainland flood conditions, it was learned today.

If the rail tie-up was prolonged for two weeks or more, it was estimated that about 500 men would be affected. Some firms were continuing production in the hopes that railway connections would be repaired within a month.

National Employment Office here reported that approximately 150 men were laid off during the week-end by firms who had run short of materials or which were unable to ship their products to eastern Canada. Others included men laid off from temporary jobs bringing up the total to about 300, it was reported.

SHORTAGE OF MATERIALS

The Esquimalt Western Match Co. laid off about 50 of its employees due to the fact that they were short of materials and had only sufficient stocks on hand to supply the needs of Vancouver Island.

McCartier Shingle Co. Ltd. laid off about 40 persons because of the freight tie-up. Horton Cedar Manufacturing Co. Ltd. also reported that it had closed down until rail connections were repaired. The mill employs about 40 persons.

Manning Timber Products Ltd. reported that it was still producing. "We are granting our employees one week's holiday at the end of June," an official said. "I think this will solve our problem at the same time."

LACK STORAGE SPACE

The chief problem facing exporting firms was the lack of storage space for their products. C.N.R. sheds were stacked high with merchandise destined for eastern points.

Some of the larger firms were shipping their products by water. Sidney Roofing & Paper Co. had re-routed its merchandise through the United States and in this way had managed to cope with the problem of storage space.

Meanwhile, the flood began to affect other spheres of business—particularly the tourist industry. Although there are a considerable number of visitors in Victoria, many were being held up at Jasper, Banff and Alberta. Employment in this respect has suffered.

PROFITABLE POLICY

CANADA'S SELF-HELP PLAN TO CUR-
tail the importation of various com-
modities produced in the United States in
order to conserve her supply of American
dollars evidently has worked well so far.
Statistics just published by the Department
of Trade and Commerce at Ottawa inform
the public that for the first four months
of this year the Dominion's unfavorable
trade balance with her southern neighbor
had dropped to \$155,900,000 compared with
\$294,800,000 as of the end of April, 1947.
Though these figures apply only to one-
third of the current calendar year, they
are both illuminating and encouraging in
their meaning.

Other trade statistics revealed by the
Department, moreover, are satisfactory in
their complementary significance. These
show that the Dominion's total import and
export business with all countries for the
period under review totaled no less than
\$1,707,000,000—or a gain of \$224,000,000
over the first four months of 1947. Another
encouraging fact also is that Canada is now
buying more goods from Great Britain than
she was a year ago, a factor which will
substantially assist the United Kingdom to
expand her purchases from this country—
or, at least, as far as her meagre dollar
balances will permit. It will be understood,
incidentally, that much of the fourth-month
adjustment in the exchange of goods be-
tween the Dominion and the United States
is the reduction in imports of such com-
modities as fruits, numerous cotton prod-
ucts and automobiles.

In other words, if the present arrange-
ment between Ottawa and Washington
should continue to contract the economic
gap which yawned so uncomfortably six
months ago, the end of the year conceivably
may witness some relaxation of existing
import restrictions. And if Finance Min-
ister Abbott is in need of any endorsement
of the policy he initiated, or some consoling
thought for the bitter criticisms leveled at
him at the time, he can find it in the prac-
tical proof of wisdom which the statistics
of the Department of Trade and Commerce
so convincingly demonstrate.

Students of the national economic scene,
of course, will assess the merit of the
growth of Canada's external trade in the
first four months of the present year in
conjunction with the current inflationary
price structure. But the fact remains, and
it is a highly-satisfactory condition, that the
increase marked by the import and export
business for one-third of the present calen-
dar year is more than a quarter of the
value of our total exchange with all the
world for the fiscal year ending with March,
1933. This comparison may be a poor one
in the light of conditions 15 years ago; it
nevertheless is indicative of Canada's rap-
idly-expanding productive capacity.

TO HARNESS THE RIVERS

WHILE THE PRIMARY CONCERN OF
British Columbians at the moment is
the rehabilitation of those rendered home-
less by the floods—a project to which the
provincial and federal governments stand
pledged—the long-term view of reconstruc-
tion and protective work which has been
given Cabinet consideration will appeal to
all who regard future work as something
much more than relief. The announcement
by Premier Johnson is encouraging. His dis-
cussions with Dominion authorities will no
doubt prove fruitful, and the ill effects of
the calamity which has engulfed so many
of our people will be considerably lessened
on the basis of assurances he has received.

Beyond the assistance that is given to
those in need, however, stands the proposal
to harness more adequately the waters that
have caused such widespread grief and de-
struction in recent days. Merely to restore
the Fraser and other rivers to their normal
channels and to add to the precautions
against a recurrence of the devastating
floods would, in itself, be a commendable
project. If, however, the work can be un-
dertaken and expanded in a way to estab-
lish more complete control over the waters
and bring them to higher productive use
for the rapidly-growing population and in-
dustrial life of this province, the returns
from labor and expenditure would be mul-
tiple many times.

In other parts of this continent, agen-
cies, notably the T.V.A., have integrated
flood control measures with development of
hydro-electric power and irrigation schemes
to the economic advantage of the regions
served. Authorities in British Columbia
have voiced the opinion that we have the
engineering skill to accomplish similar
achievements here. None can be unmindful
of the potentialities such a plan suggests
not only for the province but also for the
rest of the nation. This is the far-sighted
view to take of flood control work. For in
any major rehabilitation scheme the ambi-
tious and constructive proposals to wrest
from the waterways more productive energy
obviously will not be ignored.

OVER THE CREST

ALTHOUGH THE DANGER IS BY NO
means over there are indications that
the peak has passed in the critical British
Columbia flood situation. The Fraser and
Columbia rivers are gradually dropping,
bringing a measure of relief to hundreds
of flood workers exhausted after three
weeks of unceasing effort. And for other
hundreds of refugees the time is nearing
when they may go back to their inundated
homes and farms and set about the task of
restoring to use what the flood waters have
left them. There will be little joy or satis-
faction in the return. The destruction
wrought by the rivers has caused a setback
in plans from which some may never re-
cover. It is a return to a battlefield on
which man was the loser.

That battle is not yet over. Dikes are
still crumbling under the terrific pressure
of the high water. People are still being
evacuated from threatened homes. Towns
are still fighting off further encroachment
of the rivers. But the levels, although still
hazardously high, are slipping.

The end of the battle against the flood
will only mean the beginning of another
battle—the draining, the repairing, the re-
construction, the restoration of the land to
productive use. Millions of dollars of dam-
age has been done. Millions must be ex-
pended in recovery. And that is where we
who are not directly touched by the tragedy
may play our part. Contributions of sym-
pathy will be welcomed by the sufferers.
But only contributions of money or sup-
plies will give that sympathy real meaning.

ELECTION FARCE

NEWS REPORTS FROM PRAGUE FOL-
lowing the recent Czechoslovakian
election are shedding further light on the
methods by which the overwhelming
majority in favor of the Communist govern-
ment was obtained. It will be recalled that
voters were given two ballots—one listing
the government candidates and one blank—
from which they were to choose one to
deposit in the ballot box. Although the law
called for a secret vote, it now appears that
provision for covered booths was ignored in
many Prague polling stations. More im-
portant still, although the chosen ballot
could be put in the box without official
examination, the basket to receive the dis-
carded ballot form was in full view of
Communist scrutineers.

It is reported that when one young
woman had voted, an election official walked
over and took her crumpled ballot form
from the discard-basket. It was a govern-
ment ballot, thus showing that she had
voted in opposition to the Communists. To
make matters worse, notices have now
appeared on Communist party bulletin
boards in sections of Prague, pointing out
that use of the white (anti-Communist)
ballots made it possible to "count all the
remaining rats."

Such a method of conducting an election
renders the "secret ballot" a farce and the
democratic process of electing public rep-
resentatives little more than a safely-
controlled gesture. Those elements in this
country who remain blind to the menace
posed by these cynical performances might
pause to ask themselves why the Communist
regime should find it necessary to resort to
such safeguards in order to ensure a victory
at the polls. Is it because they fear the
results of a freely-conducted election? Or
do they recognize no other way to canvass
public opinion? In either case the facts
provide an eloquent answer.

RAISING THE STANDARD

"A CHICKEN IN EVERY POT" HAS
long been the slogan denoting full
employment and a state of prosperity. But
the mere presence of a chicken is not
enough for the poultry experts of the
Dominion government Department of Agri-
culture. They are bending their efforts to
the task of producing a super-chicken,
which will embody all the best features
of the known breeds—high egg production,
large eggs, white meat and lots of it, lower
mortality, fast feathering, and so on. So far,
seven or eight breeds have gone into the
"blueprint hen," and researchers are
still experimenting.

Man has twisted nature to a shape
nearer his heart's desire in many instances.
Luther Burbank became famous for his
development of selected forms of plant life.
Horse breeders, cattle breeders and others
have done similar work in their fields of
genetics, and there can be no doubt that
the poultry scientists will eventually come
up with something in the way of an im-
provement on the types of chicken with
which we are familiar. But the thought
raises a feeling of regret that man cannot
apply the same principles to himself—breed
out the strains of physical and mental
inferiority over a period of several genera-
tions and supplant them with whole bodies
and healthy minds.

That is impossible, of course, for to
deprive a large proportion of individuals of
their right to perpetuate themselves would
raise far greater dangers to the fulfillment
of man's destiny than would the benefits
to be derived from scientific selection. But
a large measure of hope remains, for since
man is as much—and perhaps more—the
product of his environment as he is of
heredity, there is a vast field of improve-
ment possible in seeing that his living
conditions, his medical attention, his edu-
cation and his cultural training are made
the best possible. Then may we expect
to see physical and mental improvement
in homo sapiens to rival that of genetic
science.

Republican Weigh-In

By PETER EDSON from Washington
SIX CHARACTERS are in search of the
Republican presidential nomination at
Philadelphia this month. The seventh and
leading possibility, Vandenberg, says he
doesn't want the job. The favorite sons—
Baldwin of Connecticut, Martin of Pennsylv-
ania, Green of Illinois and others like them
—are in the race only as stalking horses or
dark-horse compromises, in case the seven
deadlock.

Sheer merit will have little to do with the
convention's choice. There won't be any
intelligence test, high man to get the job.
Compromises by the candidates themselves,
deals by the bosses and mob psychology of
the delegates determine the outcome.

ANALYZING the candidates separately,
each shows up with certain virtues—
and certain faults. Analyzing them together,
comparing them on points like stallions in a
horse show, to see which should get the
champion's blue ribbon, reveals some interest-
ing data:

On the basis of age, Mac is 66, Van 64,
Joe 63, Bob 59, Earl 57, Tom 46 and
Harold 41.

As for families, the Warrens have three
boys and three girls, which they decided was
the ideal size for a family before they
married. The Tafts have four grown sons,
Senator Vandenberg, by his first wife, has
two married daughters and a bachelor son,
who is his secretary. The Stassens have a
boy of 12 and a girl of 6, the Deweys two
boys of 12 and 15, the MacArthurs one son,
Arthur, 10.

MARTIN'S FATHER was a blacksmith,
Stassen's a farmer, Dewey's a news-
paper publisher and postmaster, Vanden-
berg's a harnessmaker, Warren's a railroad
car repairman, MacArthur's an army officer,
Taft's a lawyer. Taft is the only one born
into a well-to-do family.

Stassen, Dewey, Martin and Warren were
all born to poor parents and worked their
way up. Warren's parents were brought to
America as children by immigrant parents,
his father from Norway, his mother from
Sweden. Stassen's father was born to Nor-
wegian and Czech parents. His mother was
born in Germany and brought to America by
immigrant parents. Martin's father was
Scottish, his mother Irish.

DEWEY'S GRANDFATHER was one of
the founders of the Republican Party in
Michigan and he is distantly related to
Admiral Dewey of Manila Bay fame. Vanden-
berg's father was a Democrat until he was
ruined by a Democratic depression.

Martin graduated from high school, Van-
denberg had one year of college, MacArthur
led his class at West Point. Dewey, Warren,
Taft and Stassen went to college and law
school. Vandenberg was editor of the Grand
Rapids Herald till he came to Washington.
In 1928, Martin is still owner and publisher
of the North Attleboro, Mass., Evening
Chronicle.

BY EXPERIENCE, Vandenberg has been a
senator 20 years, Martin a congressman
24. Dewey, Stassen and Warren were all
prosecuting attorneys and governors of their
states. All three made their reputations
cleaning up crime and crooked politics. All
made good governors and administrators.
Stassen was elected for three two-year terms
in Minnesota. Dewey has been governor of
New York since 1940, Warren governor of
California since 1941, each having been re-
elected once.

Vandenberg and Stassen were delegates
to the U.N. charter conference at San Fran-
cisco in 1945. Stassen served in the Pacific
as a navy captain on Admiral Halsey's staff.
After the war, Stassen went to Europe and
talked with Stalin. Vandenberg has been
American representative at London, Paris
and Rio international conferences, and at
the first United Nations sessions.

GENERAL MACARTHUR commanded the
Rainbow Division in France in World
War 1, was U.S. chief of staff during the
bonus army march on Washington in 1932,
was retired in 1935 and went to the Philip-
pines as field marshal. He hasn't been back
in the U.S. since. During the war he was
Allied commander in chief in the Pacific.

Warren was drafted in 1917 and came
out of the war a lieutenant, but never got
overseas. The others have no military
records. Dewey, Warren, Taft and Martin
have no foreign service experience.

Reading from left to right, the candidates
would probably line up Stassen, Warren,
Vandenberg, Dewey, Taft, Martin and
MacArthur.

STASSEN, MacArthur, Vandenberg and
Warren are six-footers and weigh over
200. The others are under six feet. Dewey
is the only one with a mustache. Taft has
the least hair.

Take your pick.

Quoting

If I had it to do over again, I would
spend more of the early formative years
in study.—Roy B. White, president, B. and
O. Railroad.

If the free people of the world are not
actively concerned with liberating the eight
eastern European countries, they are in
fact giving silent recognition to the right
of communism to expand by force.—Ferenc
Nagy, former Premier of Hungary.

You can be sure, until her differential
of strength becomes such as to lead her to
think she might win quickly, Russia won't
start any war deliberately.—Gen. Dwight
D. Eisenhower, U.S. Army, retired.

An American View

Traveling Through The Flood Area

AS A mountaineer who has just
come by C.P.R. from Calgary
through the greatest floods for
40 years in the mountains of
B.C., I think a brief accurate
description will be of interest to
your readers.

My train was the second one
to run from Calgary on this new
plan, and carry passengers, mail
and express by train and bus to
Vancouver. The first train ran
on Monday of last week. It was
called No. 7 but contained pas-
sengers, mail, etc., from all the
three trains, and stopped at
every station. We left Calgary
about 10:45 a.m. on Tuesday,
the eighth, being over an hour
late. West of Field there were
signs that the Kicking Horse
River had overflowed the rails.
Golden and Glacier were passed
safely, but at Revelstoke where
we arrived about 6:30 p.m. we
stopped until 10:45 a.m. on Wed-
nesday owing to the fact that
about 100 tons of rock and gravel
had been brought down by a full
creek at Clanwilliam, which is a
sliding nine miles west of Revel-
stoke near the road bridge, and
heaped high on the three lines
of rails. After waiting nearly 12
hours, until the repair crew di-
verted the water and one line of
rails had been cleared, our train
passed slowly.

All the streams in the Eagle
Pass down to Sicamous were
very high and many houses at
the junction were flooded. The
South Thompson was the high-
est ever seen. Parts of the main
highway were washed away. The
five-span C.N. steel bridge west
of Kamloops had two spans fallen
in from the breaking of the
concrete pier. This will take a
long time to replace. Darkness
fell at North Bend.

UNCERTAINTY

Rumors were many on the
train, but time was maintained
and the train stopped at Haig
at 11 p.m. It had just been a
flag stop near the highway
bridge across the Fraser to Hope,
and there is also a C.P. bridge
taking trains up the Kettle Valley
route, but the Company had
made temporary improvements.
There were two or three express
cars on a siding being loaded
under electric lights on poles. A
C.P. policeman had charge of
passengers and baggage. He was
assisted by a few redcaps. All
the eastbound passengers from
the buses were standing together
and when the westbound passen-
gers had left the train, they
went aboard. There were a num-
ber of buses waiting and there
was an orderly loading, with

hand baggage in the rear of each.
Then we started in the dark, only
the headlights lighting the road
in front. We crossed the long
Fraser bridge, but could not see
the flood underneath. Once at a
wooden bridge over a wide river
all passengers were ordered to
get out and cross on foot. The
empty buses followed and then
we resumed our seats. At places
water was running across the
road, but we could see nothing
off the road. After an hour we
passed through the bright lights
at Chilliwack, but no people
about. The rest was fast travel-
ing and on to the high level
bridge over the Fraser at New
Westminster and so to the C.P.R.
main depot at Vancouver at
about 3:45 a.m. on Thursday
morning where we de-bused and
went our many ways to homes
or hotels.

GREAT CREDIT

The C.P.R. deserve great credit
for having made such effective
provisional arrangements which
keep working from day to day
to carry passengers by one train
a day from Calgary to Haig, and
thence by bus. All the train staff
were very obliging and cour-
teous.

F. V. LONGSTAFF,
Maj. (ret.).

Abdullah—Key To Peace?

By JAMES THRASHER from New York

FOREIGN SECRETARY BEVIN
has told the House of Com-
mons that the British government
will give "the utmost assistance"
to Count Folke Bernadotte in his
efforts to settle the Palestine
problem peacefully. And it has
made a start by finally shutting
off the supply of arms to the
Arab nations.

FACTS OF LIFE

Probably Britain can do a great
deal more. And a likely way for
the Attlee government to have a
little talk with Trans-Jordan's
King Abdullah on the facts of
political life.

There are three reasons for

going to work on Abdullah. He
and his kingdom are Britain's
babies. He and his kingdom have
the most to gain by insisting on
an Arab government for all
Palestine. And his army, which
was organized, trained, financed
and, at least until recently, com-
manded by the British, is the
best on the Arab side.

It is easy to understand Abdul-
lah's desperate interest in Pale-
stine, without sympathizing with
him or excusing his aggression.
Trans-Jordan would be a pretty
sleek baby without its British
nursemaid.

Great Britain gave Trans-
Jordan its independence two
years ago, but the country has
remained under the British wing.
With this support Abdullah re-
cently dared to defy the United
Nations, announcing, "I shall do
as I please."

ON HIS OWN

But now world opinion seems
to be forcing the British govern-
ment to back away from its un-
concealed pro-Arabism. To save
its face it must put its commit-
ments to the U.N. ahead of those
to the Arab states. So Abdullah
has gone to work on his own.
It is plain why Abdullah would
like to incorporate the Jews into
an enlarged kingdom of Trans-
Jordan and Palestine—which is
undoubtedly what he has in the
back of his mind. The Israelis
are educated, resourceful and
hard-working. In time they could
probably take the lead in raising
the Arab's living standards and
starting them on the road to
progress.

This situation may hold the
key to a solution of the present
crisis. If the Arab League can
be brought to agreement, the
incorporation of Arab Palestine

into Trans-Jordan would surely
meet little objection from the
Arab and Jewish population of
the Holy Land. An arrangement
for close economic co-operation
between Israel and Abdullah's
larger kingdom would be of
great benefit to the latter, and
should not be impossible to
achieve.

PAVE THE WAY

Once Israel's independence was
assured and Abdullah satisfied,
there probably would not be any
great trouble with the rest of
the Arab governments. Such an
accomplishment would officially
be Count Bernadotte's. But prac-
tically, we should imagine, a few
words from the British govern-
ment, backed by American sup-
port, might do much to pave the
way for a solution.

Science And Security

Washington Post
No one can review the develop-
ment of the atomic bomb and
other wartime inventions without
being struck by the amount of
basic theory that was borrowed
from discoveries made originally
in other countries. This situa-
tion is typical of what has been
happening to American science.
The whole trend of American
scientific endeavor is toward
applied science—toward better
automobiles and refrigerators—
rather than toward uncovering
the fundamental theory on which
such applications must rest. To
the extent that an adequate
science is the core of national
security, this trend represents a
dangerous tangent. The country
has been using up the fuel of
scientific advance without giving
sufficient attention to replenish-
ing that fuel.

Global Survey

By CLARKE BEACH
A.P. News Analyst
(For DeWitt Mackenzie)

WASHINGTON—What is Rus-
sia's game in Palestine? For
many years Russians were
anti-Zionist. Now they have
recognized the new state of Israel.
Both of these diametrically
opposed policies follow a consist-
ent U.S.S.R. program, a report
published by the House of Rep-
resentatives Foreign Affairs Com-
mittee says. The author is Sidney
Glazer, acting chief of the Near
East section of the library of
Congress.

The U.S.S.R. policy throughout,
says the report, has been "the
weakening of the British Middle
East empire from within."
This is the story the report
tells:

While Britain strove to find a
peaceful way to establish a Jew-
ish homeland in Palestine, Russia
opposed it. Arabs were en-
couraged to resist the growth of
the Jewish community.

The party line, a comintern
open letter of Nov. 26, 1930, says,
was that "Zionism is the expo-
nent of . . . the Hebrew bourge-
oise . . . a weapon of British
Imperialism."

REVERSE ATTITUDE

A reverse of the Soviet atti-
tude became apparent after Brit-
ain issued a white paper in 1939
proposing that an independent
Palestine state be created within
10 years, but that in the mean-
time Jewish immigration and
land purchases be limited.

Zionists turned hostile to Brit-
ain and the Russians recognized
them as potential allies.

After a long series of pro-
Zionist Soviet gestures, in May,
1947, Andrei A. Gromyko, Rus-
sia's United Nations representa-
tive, announced the U.S.S.R.
would support partition if per-
other solution of the Palestine
problem proved feasible.

Russia thus weakened the al-
ready feeble Communist move-
ment in Arab lands, but she
hoped partition would create a
state of chaos or instability in
Palestine. Such a condition would:

1. Impel Britain to hasten her
withdrawal from the area.
2. Hamper development of Near
East oil resources, vital to west-
ern European recovery.

3. Make it easier for Moscow
to infiltrate agents into the Holy
Land.

PRECEDENT

Partition of Palestine also
would establish a precedent for
partition of countries with dis-
sident minorities. It might some
day prove convenient to Russia
to invoke the procedure in Iran,
Iraq, Kurdistan or Azerbaijan.

Russia's interest in the Near
and Middle East is centred on oil
and communications.

To render future bombing of
Baku difficult or costly, Russia
"must envision ultimate Soviet
control of the major bases in
Iran, Iraq, Saudi Arabia and
those in Palestine, the Levant
states and Egypt."

Local Communists are not
numerous enough to take over
governments.

However, if the Red army
were present or nearby "a num-
erically small group of well-dis-
ciplined, specially trained, ruthless
men and women inspired by hope
can under certain circumstances
seize power."

INTERNATIONAL WORRY

London (Ont.) Free Press
Germany, united or divided,
remains an international worry,
but divided Germany is the
greater threat because it serves
to emphasize without ceasing
the dangerous cleavage in the
world, the division between Rus-
sia and the Western Bloc.

DANGER SEAT

Brandon Sun
A hospital surgeon in Chicago
who has to handle a large num-
ber of automobile accident cases
—and many of them are
pretty awful—made an analysis
of his records to find which oc-
cupant of a car was hurt most,
or suffered fatal injuries.
His conclusion is that the most
dangerous seat is the one next
to the driver.

NO DISCRIMINATION

Ottawa Citizen
If the Dominion government
recognizes its responsibility for
joint planning with the provin-
cial regimes in regard to the
Saskatchewan—planning which
includes the prevention and con-
trol of floods—can it logically
deny responsibility for joint
action touching the Fraser? The
answer to that question, it may
be hoped, will set in motion
action which will not only pre-
vent a repetition of the present
disaster but will succeed in har-
nessing the energy of this mag-
nificent western river for wholly
beneficial purposes.

They'll Do It Every Time

STORE NEWS

Enthusiastic About Your Home

Have you noticed the number of people out evening and week-end painting their homes these days? Some of the whole exterior—roof and all! We've had many enthusiastic home owners call at the General Paint Store, to discuss their painting problems. When the job calls for a long-wearing, weather-resistant paint which is easy to apply and dries to a hard, durable finish, we recommend Monamel X.

If you are planning to beautify and protect the exterior of your home, see one of the General Paint Store salesmen. He'll do all he can to assist you.

NEW MODELS

ARMY INTERCEPTOR PLANE

Here's a new model—climbs, soars and dives like the real thing. Assembled in a few minutes. Nothing to wind or "go wrong." See it today.

JET RACING CARS

We've several models of these speedy roadsters in kits that are fun to make and a thrill to operate. Also there are jet-propelled speedboats to choose from.

VICTORIA'S EXCLUSIVE HOBBY STORE

Models & Hobbies
780 FORT ST. E 5903

FUEL

for the summer camp

★ CONVENIENT TO CARRY IN THE CAR
Six 4x4-inch briquettes in each paper-wrapped package.

★ HOT BURNING... NO WASTE...
NO COAL BIN OR STORAGE SPACE NEEDED

KOLPAK

Also MONITOR BRIQUETTES
A smaller size briquette, conveniently packaged.

At Plant... \$8.25 \$4.25 \$1.50
Delivered... 8.75 5.00

KOLPAK FUEL — Prop. F. WALKER
PLANT: 621 DAVID ST. B 1031
From town turn left on the Gorge Road at the Centennial Church, then 2 blocks down.

"Is
Zat
So?"

No use arguing after an automobile accident. Let our "all-in-one" automobile policy insure you against practically every insurable motoring hazard.

Favored South Africa Faces Two Main Problems

By ROBERT N. COOL
Among the favored sections of the globe which emerged undamaged from the war with prospects of ever-broadening prosperity, the Union of South Africa has a shining place.

In a crowded world, it is underpopulated; in a world plagued with money shortages, it is the richest producer of gold and diamonds; in a hungry world, South Africa's 3,000,000 whites dwell at the tip of a fertile and largely unexploited continent.

Under the astute leadership of former Prime Minister Jan Christian Smuts, 78-year-old field marshal, the Union was a power in the United Nations and the British Commonwealth. It made a gold loan to Britain, invited settlers from Europe and was forging new economic ties with the United States.

FORCE FOR PEACE

A month ago Smuts strongly urged a closer association of the English-speaking democracies as a force for future world peace.

Soon afterward, however, South Africa's first postwar election unseated the venerable prime minister and his United Party. The Nationalist Party gained control. Its leader, Dr. Daniel F. Malan, a 54-year-old

former clergyman, replaced Smuts as prime minister.

Though the Nationalists hardly have a working majority in parliament, their program menaces South Africa's relationship with both the United Nations and the British Commonwealth. Elements supporting Malan opposed South African entry into the war against German fascism; some of his supporters want to pull out of the United Nations and sever the link with Great Britain by setting up a South African Republic.

TWO PROBLEMS

Involved in this movement are two circumstances deeply rooted in South Africa's history. They are:

1. The isolationist and anti-British legacy of the Dutch-descended Boers.
2. The "native" question, involving the presence in the Union of some 9,000,000 Africans and 250,000 Indians.

Smuts himself fought against the British in the Boer War of 1895-1902, but later he became prominent in the Dominion and in World War I he put his government beside Britain. He is credited with having originated the phrase "Commonwealth of Nations" to describe part of the British Empire, and after the Union of South Africa became virtually independent he again brought it to Britain's support in the Second World War.

GRUDGING SUPPORT

However, many of the inland farmers followed his lead grudgingly. Many, in both wars, showed greater sympathy for Germany than for Britain. The Dutch were the original white settlers at the Cape of Good Hope. In the 1830's they trekked inland to escape British rule, setting up the republics of the Transvaal and the Orange Free State. Britain conquered these in the Boer War, later incorporating them into the Union of South Africa.

"HALT, IN THE NAME OF THE LAW!"—New York state trooper Hugh Maher looks tough, but it doesn't seem to faze this little fawn. The youngster and its twin were abandoned on a farm near Utica, N.Y., when their mother was frightened by dogs. Maher and another trooper hope to raise them.

As in Canada, with the French, a sound working arrangement evolved on a democratic pattern. But Boer isolationism remained. Now the Nationalist government promises to give it belated expression.

Prime Minister Malan also fought Smuts on the "native" question. South Africa's negroes are segregated and disenfranchised. Prodded by world opinion, Smuts has advocated a gradual

improvement in their status. The Nationalists like the old Boers, are strong for strict race segregation and "white supremacy."

They want to clamp down on the 250,000 Indians, mostly in Natal, whose ancestors were imported as cheap labor. Malan's supporters also favor annexation of South West Africa, the former German colony which has been controlled as a mandate by the Union since the First World War.

Increase In Meat Prices Protested

OTTAWA (CP) — Mrs. R. J. Marshall, president of the Canadian Association of Consumers, said in telegrams to three cabinet ministers Sunday night that consumers are "incensed" about new increases in meat prices.

The wires went to Agriculture Minister Gardiner, Finance Minister Abbott and Health Minister Martin. Mr. Martin, chairman of the Prices Committee, was asked: "What immediate action can your committee take to remedy this situation?"

Frank Sinatra is scheduled to return to the air next season as host on the Lucky Strike Hit Parade.

CUBS COLLECT CLOTHING FOR FLOOD VICTIMS—The James Bay Eagles Cub Pack really meant business when they offered to help collect clothing for the relief of those in the Fraser Valley who have lost everything. The boys pictured with two and a half tons of clothes collected during this week's drive, are: Russell West, Billy Hall, Lawrence Austin, Fred McFadden, Bob Balnea, Evan Fagan, Gerry Fagan, Donald West, Lynn Eastwood, Pat McGoldrick, Andy McGoldrick, Pat Rogers, Allan Stewart, Charlie Andrews, Murray Holmes, David Bryan, Dick Austin, Brian Sulsbury, Bob Keighley, David Hancock, Francis Taylor. The two Scouts are Ernest and Gordon West, Leaders of the pack are: Cubmaster E. H. West, assistant Cubmaster Mrs. G. Fagan, Chairman Charles L. Andrews and W. Hall. Cubmaster F. T. Naish of the 16th Vancouver Pack assisted with the drive.

May Invite Garson Join Ottawa Cabinet

OTTAWA (CP)—Failure of Prime Minister King to give a Manitoba member a cabinet post in his latest shuffle is considered an indication there are hopes within the government of luring Premier Garson to Ottawa.

It is no secret that the Manitoba premier has been offered

a federal cabinet post in the past, but so far he has given no indication that he intends to bite. Mr. King named Leslie Mutch, Lib., Winnipeg South, parliamentary assistant to Veterans' Minister Gregg, but that was the one gesture to Manitoba whose James A. Glen, mines minister, stepped down because of ill-health.

It had been considered a strong possibility that when Mr. Glen stepped down, Ralph Maybank, Lib., Winnipeg South Centre, parliamentary assistant to Health Minister Martin, would step up. That he did not do so indicates the Garson proposal may be in for another phase, linked with the new leadership.

NETS ZERO—Mathematics professor Carl Savitt of California Institute of Technology failed to convince a Los Angeles court that he could square a circle, double a cube and trisect an angle. Savitt asked \$1,000 from a calculating machine firm which offered the prize to anyone who could perform the feats.

Uncle Ray

**ZEBRAS AND OSTRICHES
WARN EACH OTHER
WHEN LION APPROACHES**

An ostrich can give a hard kick, but if a lion leaps on its back, the chances are that it will be a dead bird very shortly.

A zebra can give a fairly strong kick, but it is a small animal, being little larger than a donkey on the average. A lion looks on a zebra as a feast, and will capture one whenever possible.

Both the zebra and the ostrich have only one hope when they are seen by lions. That is to get enough of a start on the enemy to run out of its reach.

There are three ways for a zebra or ostrich to get a warning in time. These are to see the lion, to hear it, or to smell it. A zebra has a keen sense of smell, and a strong power of hearing. The ostrich is less gifted in smelling and hearing, but it can hold its head higher above the ground than a zebra, and can see farther away.

Here and there in Africa, zebras and ostriches have been observed in groups, rather close to each other. It appears that the striped animals are friends of the fast-running birds. If an ostrich catches sight of a lion, it takes alarm and begins to run, thus warning the zebra. In the same way a zebra gives warning when it hears or smells a lion.

One day a farmer in the Union of South Africa took a look at his herd of donkeys, and saw trouble among them. A zebra had come along to join the group, and a male donkey was fighting it. The jackass was winning, and had caught his foe's neck in his teeth by the time the farmer came close. The farmer made the jackass let go, and later, with the help of other men, put the zebra in a pen. The zebra was offered food, but it refused to eat, and died shortly afterward.

Zebras are kept with success in zoos, but most efforts to tame them have failed. Some have been captured while young, and have been taught to pull carts or carriages in southern Africa.

During the latter part of the past century, zebras were tested in Europe to see whether they could be made to take the place of horses. Some success was won in these tests. An old photograph shows a carriage belonging to Walter Rothschild being drawn by three zebras and a small horse. The horse was one of the best pair and no doubt it did a great deal to "steady" the zebras in their harness work.

Quadruplet Girls Born Prematurely; Caesarean Operation

BRISTOL, Eng. (CP)—Quadruplet girls were born prematurely here Sunday by a caesarean operation which lasted 45 minutes.

The quads averaged four pounds. All were doing well today. So was their mother, Mrs. Margaret Good, 28, who had been expecting twins next month.

Dr. Percival Phillips, medical superintendent at the Southmead Hospital said quadruplets by caesarean operation are a rarity—"I've never heard of any others."

X-ray photographs Friday had indicated quadruplets, and the hospital's premature baby unit made emergency arrangements.

First to arrive was Bridget, weighing three pounds, 13 ounces. Frances weighed four pounds, 14 ounce; Elizabeth four pounds, eight ounces; Jennifer three pounds, 14 ounces.

The quads, in oxygen chambers, have the attention of seven

nurses and an orderly. At three-hour intervals the babies drink water and a special formula, fed with pipettes. Later they will get milk, virtually every new mother in the hospital having volunteered some.

The father is Charles Good, 27, a farm manager at Coalpit Heath, near Winterbourne, Gloucestershire. The Goods have one other daughter, Janet, Susan, two.

His chief worry is to get someone to help his wife at the farm.

"We have only oil for heating and lighting and we have to fetch hot water from the dairy," he said. "I'll have to be scout-

ing around for more baby clothes, too. We have only one set.

"But I'm proud and delighted about the whole business." The only other surviving quadruplets in England are those born to Mr. and Mrs. Walter Miles of St. Neots, Huntingdonshire. Their three boys and a girl will be 13 years old Nov. 28.

White Crepe Gown With Lace Peplum Worn By Bride

A gown of white crepe distinguished by a lace peplum which cascaded down the back to form a slight train was chosen by Jean Louise Holland for her marriage Friday evening to Mr. Leslie Stevens.

Rev. G. R. Easter heard the marriage vows of the only daughter of Mr. and Mrs. C. T. Holland, 907 Lodge Avenue, and the youngest son of Mr. and Mrs. G. A. Stevens, 1133 North Park Street.

Rev. J. C. A. Barton of Douglas Street Baptist Church assisted at the ceremony in First Baptist Church, which was decorated for the occasion with peonies and blue delphiniums.

With her wedding gown the bride wore a veil of embroidered net which was a gift from the groom, and she carried a bouquet of red roses and white carnations. Mr. Holland gave his daughter in marriage.

As matron of honor Mrs. A. Stevens was gown in cerise jersey silk, while Miss Mary Hamilton and Miss Eloise McKay, as bridesmaids, wore gowns of white crepe. All wore pastel blue floral halos in their hair and matching elbow-length mitts. Flowers in their arm bouquets were also in blue tones.

A dress of soft blue silk with ruffled yoke and sleeves was worn by little Glenys Jones, flower girl. She wore a halo of blue flowers in her hair and carried a colonial bouquet of blue and white flowers.

Hector Stevens was best man for his brother, and another brother, Albert Stevens, ushered with Bryce Holland, brother of the bride.

During the signing of the register, Miss Daphne Stansby sang "Through the Years."

White roses and pink carnations decorated the banquet room of the Strathcona Hotel, where Mrs. Holland and Mrs. Stevens welcomed guests at a reception which followed the ceremony. A three-tier cake bedded in pink tulle and topped with a vase of pink carnations centred the table. F. Humphrey proposed the toast to the bride.

On leaving for a honeymoon in Seattle the bride wore a three-piece suit of teal blue gabardine with white accessories and a corsage bouquet of red roses.

Mr. and Mrs. Stevens will make their home in Victoria.

Auxiliary Tea Realizes \$241

Final returns from the summer tea, sponsored by the Women's Auxiliary to Rotary Club, as their first public affair, and held in the Douglas Room at the Hudson's Bay, last Friday, have been announced as \$241.21. Proceeds will be used for charitable activities of the group.

Bride's Parents' Best Man Proposes Toast At Wedding

Ronald Heater, who was best man at the wedding of Capt. and Mrs. J. Wells, Wellington Avenue, was present at the wedding of their daughter, Evelyn Florence, to John Arthur Gower, and proposed the traditional toast to the bride at the reception.

The Saturday evening rites took place in Metropolitan United Church, and were solemnized by Rev. A. E. Whitehouse.

For her wedding the bride chose a formal bouffant-skirted bridal dress of white crepe with bateau neckline, long sleeves and tunic effect flowing into a graceful train.

A veil of embroidered illusion net billowed over her train from a period headpiece, and she carried a shower bouquet of red roses, white stocks and white swainsons. Capt. Wells gave his daughter in marriage.

Styled similarly to the bride's gown were white crepe gowns of the four attendants: Mrs. C. H. Sturrock, matron of honor for her sister; Miss Joan Gower, the groom's sister; and Miss Rhona

Hi-Y Graduation Banquet, Dance

Eighty-five members and friends of the Girls' Hi-Y were present at a graduation banquet, held in the Y.W.C.A. dining-room last week-end.

Special guests included Mrs. D. E. MacDuffee, chairman, program committee; Mrs. F. A. Lindsay, vice-president, Y.W.C.A. board of directors; Miss Christina Gardiner, Y.W.C.A. general secretary; Hon. W. T. Straith, Minister of Education; Clive Kelly, principal, Esquimalt High School; and Mrs. Kelly; Misses Evelyn MacQueen, Miss Shirley Walker and Mrs. Anne Banford, advisers, Mount Douglas, Mount View and Esquimalt High Schools, and Miss Irene Mottishaw, program secretary.

Toasts were given by Ada Norman, president, Inter-Club Council, Miss Donna Munro and Miss Fay Robinson and responded to by Miss Gardiner and Miss Beverley Bradley. A sing-song was led by Miss Marie Gillard, Esquimalt High School.

Minister of Education W. T. Straith, was guest speaker, his subject, the carrying of Hi-Y standards and ideals into grown-up life.

Miss Madeline Marks was convener of banquet arrangements. Later in the evening a graduation dance was held at the Goble ballroom, Oak Bay, with 150 Hi-Y members and their guests present. Miss Gail Keyworth was in charge of arrangements.

250 Attend Dogwood Tea

A sum of approximately \$200 was realized at the Dogwood tea, first public affair sponsored by the newly-formed women's auxiliary to the D.V.A. Hospital, held Saturday afternoon at the hospital.

Mrs. W. G. Colquhoun, president of the auxiliary, and Miss S. J. Roberts, matron of the hospital, received the more than 250 guests.

Afternoon tea was served in the lecture room, where Mrs. Byron I. Johnson, Mrs. Nancy Hodges, Mrs. Stanley O'Keefe and Mrs. C. Watson presided at a tea-table covered with a lace cloth and centred with a low bowl of blue iris, California poppies and cornflowers.

The Greater Victoria Youth

Combe as bridesmaids, and junior bridesmaid, another sister of the bride, Miss Dorothy Wells.

Their flowerers were red gladioli and white stocks in sheaf, bouquets, and they wore coronets of white velvet flowers in their hair.

The groom, who is the son of Mrs. L. E. Gower, Pembroke Street, and the late Mr. Gower, had his brother, Elvin Gower, as best man. Ushers were Alex Bruce, John Gillatt, and the bride's brother, James Wells.

Soloist at the ceremony was Frank Ivings, who sang "The Lord's Prayer."

A four-tier square wedding cake flanked by white tapers and red and white roses in silver vases centred the bride's table at the reception in the I.O.O.F. Hall. Guests were welcomed by Mrs. Wells and Mrs. Gower Sr.

As she left for a honeymoon on the mainland the bride wore a three-piece suit of wine and green shepherd check with forest green accessories, and a gardenia corsage.

Mr. and Mrs. Gower will make their home in Vancouver.

Guest Soloist At Summer Musical

MISS PHYLLIS CORBETT

Under the auspices of the Victoria Business and Professional Women's Club a musicale will be held in the lounge of the Oak Bay Beach Hotel tomorrow evening, at 8:15 o'clock. Last year a similar event was held with great success and in response to many requests it has been decided to repeat the experiment again this year. Some of the most outstanding talent in the city has been secured for the program including Miss Phyllis Corbett, soprano, John Bray, baritone, Harp selections will be played by Miss Lorna Langley while Miss Edith McGill, violinist, and Miss Margaret McGill, cellist, will be heard in solo numbers and will also appear with Miss Marilyn Bacon in the McGill trio.

Two of Victoria's young pianists, Miss Marilyn Bacon and Miss Joan Creighton will play works by Chopin, Brahms and Greig. The accompanists for the evening will be Mrs. Dorothy Gough and Miss Eileen Dumbleton. Following the concert tea will be served with Mrs. Madge Hall and Miss Margaret Clay presiding at the urns. Mrs. Norma MacDonal and Miss Frances Jordan of the Oak Bay Beach Hotel will be the hostesses assisted by Miss Minnie Beveridge, the club's president and Miss Helen Cruikshank, social convener.

Band, led by George Bowers, played selections during the afternoon. Leather dogwood pins, made by veterans were on sale and proved very popular with guests. Mrs. Isabel Hobbs, well-known Victoria artist, donated a painted panel of dogwood in oils to the auxiliary. An opportunity was also given guests to tour the hospital, conducted by members of the staff.

Normal Class Honors Teacher

Miss Margot Gordon whose marriage to the Rev. L. Graham of Ottawa, will take place in August, was honored at a surprise party at the home of Mrs. J. Manton, by members of her Normal School class.

The students, costumed as grade five pupils presented their teacher, upon her arrival, with polished apples, suckers and flowers.

Dramatization of the Pied Piper of Hamelin, the story told by Miss Dally Thomson, and parodies of England and drama lessons, the subjects Miss Gordon teaches, introduced the evening's entertainment. Miss Della Pollock conducted a choral speaking class; Miss Vivienne Dandridge read a "story for enjoyment" and Mrs. Shirley Kelly taught "a poem appreciation lesson."

A skit was presented by Misses Lois Caldwell and Cora Manton, with Miss Zena Cavana directing. Games were played under supervision of Miss Pauline Johnson.

A coffee maker, complete with electric element was presented to the honor guests, and flowers given to Mrs. Gordon, mother of the bride-elect and to Miss W. Copeland and Miss R. Perry, fellow Normal School teachers.

Others present were Mrs. G. Sinclair, Miss Emmy Besler, Bernice Blackburn, Ruth Campbell, Helena Derman, Pauline Gallo, Myrtle Graham, Margaret Grubb, Frances Heath, Lilian Henn, Catherine Istvanffy, Helen Jackson, Muriel Jones, Joan Kirby, Mary Lane, Helen Miscovitch, Mary Palack, Adelkeit Ruth, Betty Smith, Ella Stewart, Eva Swift, Audrey Sullivan, Gladys Thomason, Nanette Woods and Adele Young.

Authors' Group Sponsors Tea

Mrs. Clara Hill Maunsell, president, and Miss Eugenie Perry, received guests at the tea sponsored by the Canadian Authors' Association in the Douglas Room at the Hudson's Bay, Saturday afternoon, when a sum of \$37 was realized.

After tea was served from a table attractively arranged with a centre bowl of roses, while individual tables were centred with smaller vases of roses, snapdragons and peonies.

During the afternoon a poetry recital was presented with Miss Nellie Scowcroft and Miss Doris Bagshaw acting as readers. Miss Audrey Alexandria Brown read one of her poems and Alex Sutherland read some of his poetry.

Included among other poems were those of Donald Fraser, Mrs. Kathleen M. Clark, Mrs. Doris Ferne, Miss Eve Ray, Mrs. Claire Yardley, Mrs. Dorothy White and Mrs. Jean Mutter.

Mrs. Maunsell introduced the readers and told of the work of the poetry groups. Mrs. W. H. Yardley was convener of the affair.

Stanley William Hitchman Married To Vancouver Girl

A wedding which took place in Vancouver this week-end is of interest to many friends in Victoria, where the bride and groom will make their home, following a motor trip to California.

Principals were Eileen Mary Barter, daughter of Mrs. Frank Barter of Vancouver, and Stanley William Hitchman, whose parents are Mr. and Mrs. H. W. Hitchman, 1241 Acton Street, Victoria.

Huron Sheppard officiated at the 8 o'clock rites Saturday evening in Kitsilano Gospel Hall, which was decorated with ferns and mixed summer blooms for the occasion.

Edward Barter gave his sister in marriage. For her wedding gown she chose white moire taffeta, fashioned with long sleeves, fitted bodice, and padded hipline on the full skirt which extended into a long train. Her flowers were red roses, white sweet peas and stephanotis.

Her matron of honor was Mrs. E. Barter, whose gown was of yellow moire taffeta. Mauve sweet peas in her bouquet matched her floral coronet.

As bridesmaids, Miss Sheila Moore and Miss Dorothy Hitchman, the groom's youngest sister, wore gowns of blue and orchid moire taffeta, respectively. They carried bouquets of pink sweet peas and yellow iris matching their coronets.

Barbara Baker was flower girl, and wore a frock of white organdy. She carried a rainbow posy.

Harry Hitchman came from Chicago to attend his brother as best man, while Frank Barter and Henry Saunders ushered.

At the reception held in the Church Hall, Mr. and Mrs. Hitchman and Mrs. Frank Barter were assisted in receiving guests by the bride's brother, Frank Barter. For her California honeymoon the new Mrs. Hitchman chose a suit of light beige gabardine with which she wore green accessories and a corsage bouquet of tall-man roses.

Outstanding Woman Scientist Receives Award For Research In Rust Of Cereals

Dr. Margaret Newton, 2392 Beach Drive, left for Vancouver on Saturday to attend meetings of the Royal Society of Canada, which commenced Sunday and continue until Thursday. Tonight, at the University of British Columbia, Dr. Newton will receive the Flaville Medal of the Royal Society for outstanding research in biological sciences. She is the first woman to be presented with this award.

On the tapestry of events that chronicle the achievements of Dr. Margaret Newton, outstanding Canadian scientist, a new thread has been woven.

A thread that shines the more brightly perhaps, because it completes a pattern of years of patient research that commenced in 1918, when Dr. Newton graduated from the Faculty of Agriculture, McGill University, and culminated this week-end with the announcement made by Dr. W. P. Thompson, president of the Royal Society of Canada, that she had been awarded that society's coveted Flaville medal.

The Flaville medal, given each year by the Royal Society for original research of special and conspicuous merit in the biological sciences, or for significant additions to previously outstanding contributions in biological sciences, has been won by many

distinguished Canadian men of science.

Dr. Margaret Newton's name has now been added to this roster of fame, as the first woman to receive the award.

RUST RESEARCH

The honor came to her in recognition of outstanding investigations into the rusts of cereals. Damage to wheat crops in western Canada through stem rust had been known as early as 1896. A further onslaught occurred in 1904 and again in 1911 stricken fields in western Manitoba and eastern Saskatchewan gave mute evidence of the power of this terrible scourge.

It was in 1916 however, when crops stood level and high to the farthest prairie horizons, and a magnificent crop was turning to the milk stage of its ripening, that almost overnight farmers saw the rust strike again, with an estimated 100,000,000 bushels of wheat ruined.

From 1925 until 1935, average annual loss in Manitoba and Saskatchewan from rust, has been calculated in the vicinity of 35,000,000 bushels.

Today, losses from rust in Canada, are practically negligible, and it was Dr. Margaret Newton who played a major role in the conquest of this dread disease.

SAYS 'JUST LUCK'

"I was lucky," she insists, in a soft voice, that has nevertheless, in its faintly accented tones, a hint of that patience and determination which is the mark of the true scientist.

Her blue eyes twinkle behind her glasses, as she adds, "I was not alone. Others were working with me and we all had the same goal in mind. I just happened to make the discovery that started us on the road to accomplishment."

Dr. Newton may call it luck. Others would say it was hard work that gave this brilliant Canadian woman the success she achieved.

Luck or hard work, to the farmer of the Canadian west, her name is synonymous with rust control and with the strong, resistant Canadian wheats bred through her researches.

Dr. Newton was born in Montreal and received her early education at the Montreal High School. Following graduation from McGill University in 1918, where she was gold medalist she was granted her Ph.D. by the University of Minnesota, in 1922. From 1919 until 1925, she was

on the staff of Saskatchewan University and while there, discovered some 14 races of wheat stem rust.

Until this time it had been thought that stem rust of wheat in Canada consisted of a single variety but Dr. Newton's discovery showed that a wheat might be immune to one race but quite susceptible to another race, and explained why the early efforts to breed rust-resistant wheats in Canada had failed.

From 1925 until 1945, Dr. Newton was a member of the staff of the Dominion Rust Research Laboratory, Manitoba University, at Winnipeg, and with her colleague in these rust studies, Dr. T. Johnson, isolated some 65 races of wheat stem rust.

It was through discovery of these races that wheats now bred in Canada are tested to all the races of stem rust isolated in Canada, before they are released as new rust-resistant varieties.

In extensive experiments with Dr. Johnson, Dr. Newton not only showed that many races of stem rust are present in Canada, but was able to demonstrate that these races mutate and also hybridize freely with each other to form races often nonexistent in nature.

She worked not only with stem rust of wheat, but also with leaf and stripe rust of wheat, oat stem rust, flax rust, and mildew of wheat and barley and has published over 42 scientific papers on this work.

INTERNATIONAL FAME

As a scientist of international repute, she traveled to Russia in 1930, at the invitation of Dr. Vainlov, president of the Academy of Science, and gave a series of lectures in Leningrad and Moscow Universities on the rust work in Canada. In 1935 she was a delegate from the American Phytopathological Society to the International Congress of Botany, at Amsterdam, Holland, where she presented a paper on wheat stem rust.

She is a member of a distinguished Canadian family.

Her father was a graduate of chemistry from Owen College, University of Manchester.

Dr. Robert Newton, a brother, is president of Alberta University, and was formerly director of Biological Science, National Research Council. Another brother, Dr. John D. Newton, is professor of soils at Alberta University, and another brother, Dr. William Newton, is in charge of the Dominion Laboratory of Plant Pathology, Saanichton, B.C. A sister, Dr. Dorothy E. Newton, now Mrs. William Swales, was on the botany staff of McGill University.

Dr. Newton is a member of the International Women's Club, the Natural History Society, and of the executive of the Women's Canadian Club in Victoria.

Tea Wednesday afternoon at 1716 Fort Street, sponsored by No. 3 Club, proceeds for Flood Fund and other charities.

Personal Notes

Miss Dorothy Somerset, director of dramatics at the University of British Columbia, who has been in Victoria for the past week to adjudicate at the B.C. Drama Festival, was honor guest at an after-theatre party at the home of Mr. and Mrs. Martin Kroeger, 1620 Belmont Avenue, following final performances Saturday evening. Members of the festival committee were among the 40 guests. Mrs. W. C. Nichol entertained Saturday afternoon to honor Miss Somerset and visiting participants in the festival, at her home, 914 St. Charles Street. Other guests were H. S. Hurn, director of community drama, and Sir Robert Holland, chairman of the festival committee. Presiding at the tea table were Mrs. Gwen Downes, Mrs. T. C. Evans and Miss Kathleen Agnew.

Mr. and Mrs. Don E. Edwards and daughter, Donna, of Renton, Wash., are visiting Mrs. Edwards' parents, Mr. and Mrs. George Baker, "Forest Green," West Saanich.

Miss Elsie M. Spiers, who has been visiting her sister, Mrs. F. J. Leekey, Amroth Road, Ten Mile Point, for the past two years, left last week by plane for London, England.

Miss Edith McGill, daughter of Mr. and Mrs. W. W. McGill, Tattersall Drive, is leaving Thursday for Seattle, where she will attend the Summer School of Music at the University of Washington.

Mr. Paul W. Meyer, newly-appointed United States Consul at Victoria, with Mrs. Meyer and their son John, will occupy the home of Brig. and Mrs. F. N. Cabellu, 1015 Gillespie Place, for the summer months. Mr. and Mrs. Meyer arrived in Victoria last week-end and have been staying at the Empress Hotel.

Mr. and Mrs. John Oman, who celebrated their 50th wedding anniversary last week, have as their guests, their son and daughter-in-law, Mr. and Mrs. Jack Oman, and their granddaughter, Mrs. Jim Thompson of Moose Jaw, Sask. Another daughter, Mrs. Angus Cameron, with her two daughters, Myrna and Mary of Harpree, Sask., is also visiting her parents, and Mr. Arthur Oman of Windsor, Ont., is another guest.

Mrs. George F. Ashton, nee Miss Mary Gorst, was honored recently by Mrs. R. A. Ashton Jr., and Miss Mildred Ashton at a tea in Spencer's dining-room. The occasion also marked the birthday of Mrs. R. Ashton Sr. Honor guests received corsage bouquets of sweetheart roses. Others present were Mesdames J. W. Churchill, J. Tyson, G. D. Buckle, D. Ponsford, S. Ashton, Master D. Buckle and Master P. Tyson.

To honor Miss Margot Gordon, who is leaving her position as English and drama teacher at the Provincial Normal School to be married in August, was honored Saturday afternoon when Mrs. H. O. English and Mrs. H. C. Gilliland entertained with a tea and linen shower at the home of the former, Dewdney Avenue. Guests included lady members of the faculty and wives of faculty members as well as a few personal friends of Miss Gordon. The bride-elect and her mother, Mrs. Winifred Gordon, both received corsage bouquets. Mrs. Gilliland presided at the tea table, and assisting the hostesses in serving were Miss Mary Butters, Miss Perle Alric and Miss Lillian Nelson.

Miss Jody Cunningham was hostess at a recent party when lady members of the staff of the Royal Bank of Canada, main office, gathered to honor three of their co-workers with gifts from the staff. Miss Joy Turnbull and Miss Nettie Esau, June brides-elect, were each presented with a corsage bouquet of carnations and a wedding gift—Miss Turnbull a trillite and Miss Esau an electric kettle. Miss Betty Townsend received an Elgin American compact as a parting gift. The invited guests were: Mesdames E. Youritchuk, P. Wilson, M. Aldersmith, N. Honey, and R. Dean, and the Misses B. Edvardson, C. Brown, J. Dickinson, G. Mark, M. Beale, H. Morris, L. Webb, P. Taylor, C. Ellis, P. Wakefield, G. Muston, I. Murray, N. Woods, M. Jolley, F. Wetmore, M. Creasey, H. Hill, J. Johnstone, M. Blom.

Mrs. H. M. McKenzie, who has been visiting her son-in-law and daughter, Mr. and Mrs. Jack Greenan, West Vancouver, has now returned to her home at Langford.

To celebrate their silver wedding anniversary, Mr. and Mrs. F. C. Hurry, 898 Front Street, were at home to friends Saturday afternoon and evening. Among guests were their son-in-law and daughter, Mr. and Mrs. W. M. Adamson of Britannia Beach. Others present were Mr. and Mrs. C. Fea, Mr. and Mrs. H. Baker, Mr. and Mrs. E. Donaldson, Mr. and Mrs. E. Prentis, Mr. and Mrs. J. Bell, Mr. and Mrs. W. Smith, Mr. and Mrs. H. Jealousie, Mr. and Mrs. W. Trace, Mr. and Mrs. W. Nelson, Miss Rose Such, Miss Edna Steer and Mr. W. Pegg.

Engagements

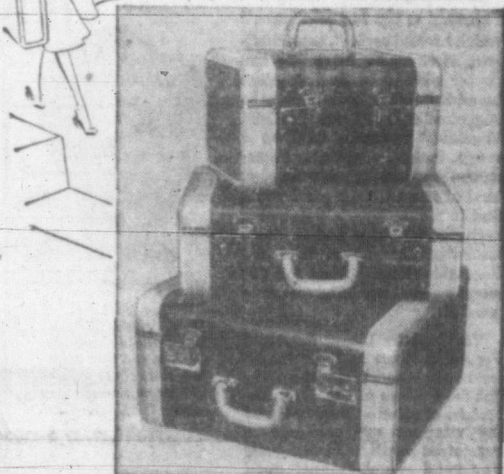

Mrs. John Heard, Craigflower Road, wishes to announce the engagement of her youngest daughter, Shirley Eileen Going, to Robert Eldon, only son of Mr. and Mrs. Frank Gordon, Lloydminster, Sask. The wedding will be held at St. Saviour's Church, July 17, 1948, at 8 o'clock. (Regina papers, please copy.)

Agriculture Official Honored By Indians

JASPER PARK LODGE, Alta.—W. R. White of Ottawa, chief of the plant products division, Department of Agriculture, is now "High Eagle" as the result of his induction into the Sarcee Indian tribe at a ceremonial war dance in the ballroom of Jasper Park Lodge Saturday night.

A guest at the third annual convention of the Canadian Feed Manufacturers' Association being held at Jasper Park Lodge during the week-end, Mr. White received the elaborate eagle-feather headdress and his new Indian name from Chief Dave Crowfoot of the Sarcee tribe, who came to Jasper from Calgary for the occasion. The colorful ceremony was staged at the request of the association to honor Mr. White for his contribution to Canadian agriculture over a period of many years.

Among the many stars and programs to be added to radio's summer schedule within the next few weeks is the Tex and Jinx show, starring Tex McCrary and Jinx Falkenberg. This program, starting June 30, will replace Duffy's Tavern.

LIEUTENANT-GOVERNOR IN FLOOD AREA—During their visit to the flood areas of the Fraser River Valley Sunday, Lieutenant-Governor Charles A. Banks and Mrs. Banks had a word of cheer and comfort for flood evacuees. Shown above, His Honor and his wife meet Mrs. Myrtle Olson and her little boy, Douglas, from Matsqui, at the Red Cross evacuation centre at Abbotsford.—R.C.N. Photo.

water. Keep your head is an other good principle. The good swimmer is safer in the water than the poor one unless he takes foolish chances. A thoroughly good swimmer, however, knows the risks and does not take any unnecessarily. Question: Will potassium iodide benefit rheumatism and arthritis? Answer: This is a \$64 question. Iodides have been given for many years for certain forms of arthritis, sometimes with apparent benefit. There is some doubt, however, as to how this substance acts favorably if and when it does. It is another subject about which more has to be learned.

Communists Accuse U.S. General in Greece

LONDON (AP)—The Russian news agency Tass accused a United States military official Sunday of ordering a reign of terror in Greece which resulted in the killing of a number of children by Greek troops.

Tass, quoting the Communist "free Greece" radio, said Greek government troops killed all but a "small number" of Stromni's 120 children when they captured the Rumelian mountain village last month from leftist guerrillas.

The Communist radio claimed, according to Tass, that "thoroughly verified data" proved the child killings were part of a terror campaign ordered by American Lt.-Gen. James A. Van Fleet, head of the United States military mission in Greece, against the "peaceful population" of guerrilla areas in the Greek civil war.

however, knows the risks and does not take any unnecessarily. Question: Will potassium iodide benefit rheumatism and arthritis? Answer: This is a \$64 question. Iodides have been given for many years for certain forms of arthritis, sometimes with apparent benefit. There is some doubt, however, as to how this substance acts favorably if and when it does. It is another subject about which more has to be learned.

"Look—Mom's trying a new idea"

"Here's a tip for Mothers" which I found useful," says Dietitian Mrs. C. S. Hogg. "When doctor advised mashed potatoes be added to my baby's diet, he suggested Aylmer Liver, Beef and Vegetable Soup be used as a gravy, instead of putting butter on the potatoes. It adds the right kind of nourishment—and you'll find it makes baby's potatoes a better consistency and so much tastier! Aylmer Liver, Beef and Vegetable Soup is ideal for this purpose—and my baby certainly loved it!"

Yes, Aylmer Liver, Beef and Vegetable Soup is "just made" for babies—and gives them the fine food values of beef liver, the protein of selected lean beef and the vitamins and minerals of vegetables cooked garden-fresh! For good nourishment, good flavor—and good value—choose Aylmer Baby and Junior Foods.

Dietitian Mrs. C. S. Hogg, graduated from MacDonald Institute, Guelph and took hospital training in dietetics—which now comes in very handy bringing up her two small children.

Your Baby Deserves Aylmer Quality

HEADS HARBOR GROUP—Tom Denny was elected chairman of the harbor and industrial development committee of the Victoria Chamber of Commerce at the annual meeting of the group held last week. He succeeds Fred Hawes, who relinquished his post of committee head, having recently been named vice-president of the chamber. Mr. Denny will appoint chamber members to two sub-committees, one to deal with harbor matters and the other to deal with industrial development. Each of these will elect their own sub-chairmen.

The DOCTOR Says:

EVEN EXPERT SWIMMERS SHOULD TAKE LIFE-SAVING PRECAUTIONS

By EDWIN P. JORDAN, M.D.
In spite of the fact that swimming is a pleasurable and healthy sport indulged in by millions, every summer sees a great many unnecessary deaths from drowning.

Outdoor swimmers should take precautions. Haphazard swimming in unguarded lakes, oceans or rivers may hold unexpected dangers. The water may be deeper than expected, there may be undertows, submerged rocks, stumps, weeds or sudden step-offs. Sometimes the water is more shallow than anticipated and a dive will result in a broken neck or back.

DON'T SWIM ALONE

In cold water cramps may develop and even a good swimmer can drown. The lone swimmer runs the greatest risk of all. No one should go in swimming away from either a supervised beach or the presence of some experienced swimmer who can come to the rescue if things go wrong. Even an expert ought to avoid swimming alone.

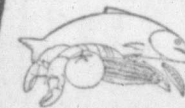

Another point of importance is swimming after meals. The digestion of food in the stomach requires the presence of a large amount of blood in that area. This blood is taken away from the muscles and other parts of the body so that at the height of digestion muscular cramps are particularly likely to develop because of the temporary poor circulation. No one should swim immediately after a meal. Digestion is almost complete two hours after a meal and there is fair safety after about an hour. Stay out of the water at least this long after eating.

ALLERGIC TO COLD

Some people have died in the water because they were sensitive or allergic to cold. This is a sort of reaction to the cold water rather than true drowning. Another cause of drowning is becoming alarmed or excited—sometimes when in shallow

How food protection makes jobs for Canadians

From gardens, farms, orchards, lakes and seas come vast quantities of food of every variety for use on Canadian tables.

Food processors have constantly been seeking new ways to protect the purity of food. International Nickel has cooperated in this work, and has carried on a great deal of research aimed at developing better and better equipment.

So today the equipment used to handle, cook and process fruits, vegetables and soup, meat, fowl and fish, is largely made of Nickel or Nickel

alloys. These metals resist the action of food acids, do not rust or corrode, do not discolor or contaminate foods.

As a result of scientific research, processed foods are safe, pure and tasty. More and more

Nickel and Nickel alloys are used for utensils, cooking vessels and other food processing equipment. The production of this Nickel provides jobs for scores of Canadians.

Thus does research develop better products, increase the use of Canadian Nickel and create more employment.

Refining a converter with high temperature brick in the Nickel Smelting plant at Copper Cliff, Ontario.

Canadian Nickel

"Do you love me more than anything else in the whole wide world?"

"Why sure, Darling! Except, of course, there's honey-golden..."

"Honey Golden, eh? I knew it—a blonde! I'm going home to mother!"

"Hey, wait a minute! I mean honey-golden, malty-rich, oh-so-wonderful Post's Grape-Nuts Flakes!"

"Oh, that's different!"

"Sure they're different! That

famous Grape-Nuts flavor is different from any other cereal flavor in the world."

"I know, I know—because they're made from two grains instead of one."

"Sure—and loaded with carbohydrates and minerals and other food essentials."

"You win. Go ahead and have another bowlful—and I think I'll join you!"

Cartoonist Of 'Juniper Junction' Dies In Toronto

TORONTO (CP) — Jimmy Frise, cartoonist who created "Juniper Junction," died at his home here Sunday.

The 57-year-old artist died of a heart attack after complaining of feeling ill the night before.

Soon after his return from overseas in the First World War, Frise started the down-to-earth comic strip, first called "Life's Little Comedies," then "Birds-eye Centre," and finally "Juniper Junction." His starring characters, Pigskin Peters, Ruby and Eli Doolittle, old Archie and his Moose, were known to two generations of readers of the Toronto Star Weekly and later the Montreal Standard.

A short time before his death, his drawings were bought for syndication in the United States and were appearing in color in several week-end newspapers.

A native of Port Perry, Ont., Frise began his career in 1912 with a Toronto printing company and soon afterward won his first newspaper job on the Toronto Star by letter. The letter showed a sketch of the editor milking a cow—on the wrong side.

He collaborated for many years with Greg Clark, Toronto writer, in the widely-read "Greg and Jimmy" features, printed for years in the Toronto Star Weekly and for the last 18 months in the Montreal Standard.

He is survived by his wife and five children.

Help Kidneys In 30 Minutes

If you suffer from Backache, Getting Up Night, Loss of Energy, Bladder Weakness, Burning or Itching Passages, Leg Aches, or Rheumatic Pains, due to Kidney and Bladder troubles, you should try Cystex. Within 30 minutes Cystex usually starts helping the kidneys clean out excess acids and irritating wastes which may be the real cause of your trouble. And this may quickly help you gain pep and energy—make you feel younger. Use Cystex quickly brings you satisfactory help from the pains and distress of Kidney and Bladder troubles, simply return the empty package and you get your money back. You have everything to gain and nothing to lose, so don't suffer another day without asking your druggist for Cystex.

CANADA'S 'FATHER OF THE YEAR'—Winner of the first annual Canadian Fathers' Award as "Father of the Year," Sir Ernest MacMillan, conductor of the Toronto Symphony Orchestra, was cited as "being a typical father . . . and for outstanding contribution to musical culture amongst Canadian children." Here is a typical scene in his studio, chatting with three young conservatory members—Sandra Valensky, 6 years; Linda Banack, 9 years, and Eleanor Valensky, 10 years. Sir Ernest is a frequent visitor to Victoria.

Unknown Sought As Co-Star For New Montgomery Movie

HOLLYWOOD (AP) — The currently tight market for film actresses is forcing Robert Montgomery to hunt for an unknown as his next co-star.

"I've canvassed Hollywood," he said on the "June Bride" set, "and the handful of girls who could play the role are either too expensive or tied up with contracts." He's seeking a special type to appear in his next comedy, "Come Be My Love."

"I'm tired of building-up actresses in my films, only to have studios hire them away from me," he remarked.

The Eddy-Macdonald reunion may yet take place. Joe Pasternak is reported preparing a remake of his old Deanna Durbin film, "It's a Date." It is being tailored for Jeanette, Nelson and Jane Powell.

Columnist Drew Pearson is the latest celebrity to be spotlighted by Hollywood. The newspaperman's life will be the subject of a semi-documentary, "The Washington Story," to be filmed by Columbia in the fall. Pearson will appear in the film and narrate.

STAR NOTES

Alexis Smith, native of Penitence, B.C., who is overjoyed with her role as dance hall queen in "South of St. Louis," provides the most arresting quote of the week: "For seven years I've played society dame parts and begged for a role with guts. Now I've got my wish and I'll probably spend the next seven wishing to get back into clothes."

THE MOVIE BEAT

Toronto-born Mary Pickford is off to meet Buddy Rogers in New York. They'll take a three-month vacation in Europe. Mary is taking a secretary along and she plans to dictate her memoirs en route. It should be a fascinating volume.

The Eddy-Macdonald reunion may yet take place. Joe Pasternak is reported preparing a remake of his old Deanna Durbin film, "It's a Date." It is being tailored for Jeanette, Nelson and Jane Powell.

Young Executives Needed In Industry, Convention Told

BANFF, Alta. (CP)—Young executives still are urgently needed in Canadian industry as a whole and in the transit industry in particular, E. D. Gray-Donald said in his presidential report at the opening session of the Canadian Transit Association convention here.

Gray-Donald, chief engineer of the Quebec Railway Light and Power Company, also said "most utilities are operating at too low a rate, and fare increases are justified and long overdue."

The three-day gathering of delegates representing almost every civic and privately-owned municipal transportation system in Canada opened with registration of delegates.

Mr. Gray-Donald said a number of Canadian transit companies are "working very seriously" on selection of young men of executive ability, but he warned that many companies are failing to meet the problem.

TIME, TRAINING NEEDED

"Executives are not developed overnight. It takes a lot of time."

"Our major problem now is the handling of labor, and very close to that is the ability to develop good public relations."

Speaking of the need for increased rates, Mr. Gray-Donald warned that such increases do not in themselves constitute a cure-all.

"Efficiency and economy of operation also are necessary, but you cannot get efficiency and economy of operation unless the prime element, labor, is properly managed."

During today's session the delegates heard two officials of the American Transit Association. A.T.A. President Harry Reid, president of the Indianapolis Transit Company, spoke on the problem of increasing labor costs, while G. G. Hecker, executive manager of the A.T.A., discussed the rates structure.

A dinner and dance will be held tonight.

"It's the fact that MONASEAL contains Sealed Oil which interests me. This scientific process, seals the finish to the walls, giving a smoother, less porous surface, which naturally means less germs and dirt—more healthful surroundings. Monaseal walls are WASHABLE too! That's why I always recommend MONASEAL to my friends."

"There's one person has my sympathy," said the Old Timer this morning, "and that's the woman with a growing family, trying to make do with dollars that don't buy nearly as much as they once did."

"Probably, if her husband is a working man, she has more dollars to do with than she ever had before. But they don't buy much more, if any more, and you can't blame her if she is a bit bewildered and even resentful."

"What answer can you make to her? Well, you can tell her about the long years of war, when everything went into making war goods which in a sense were just that much waste, and the resulting scarcity in the things she wants to buy, and the pent-up demand for these things, and the war-savings dollars that pushed prices higher and higher when they became available, and the pent-up demand also for higher and higher wages that added to the cost of everything. You can explain about the vicious spiral of inflation and the difficulty of controlling it."

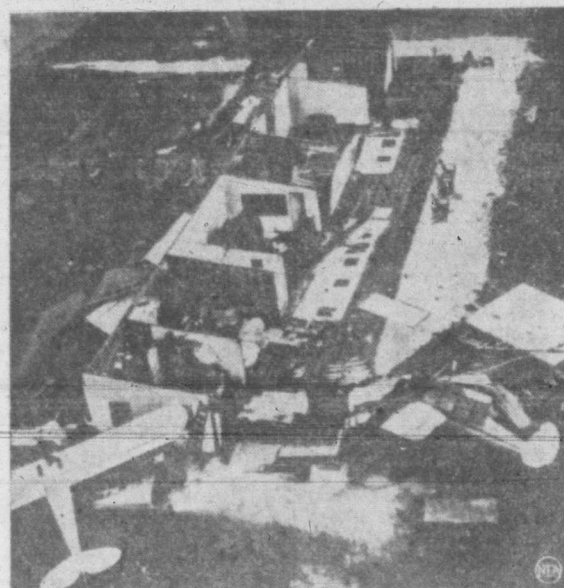

"You can explain all that, and it still doesn't make sense to her that her own position, as the manager of a household, has become so difficult. And you can't blame her."

"Then tell her this, which is really the commonsense of the situation: If everyone, her own husband included, will work a little harder to produce more; if everyone, herself included, will make do a little longer, until there is a little more of everything for everybody—then one of these days the peak of prices will pass and they will start slowly downward, and her dollars will mean more."

"They're starting down—in spite of statistics, which can lie like the dickens. Watch the ads! They tell the story."

"Then wage increases—reasonable wage increases—will mean something, instead of merely adding to the inflationary spiral."

(The name of the Old Timer is not used in this newspaper under the sponsorship of the British Columbia Federation of Trade and Industry.)

LITTLE TWISTER WRECKS AIRPORT—A miniature twister which swept across the airport at Morristown, N.J., left this wreckage in its wake. Roofs of hangars and other buildings took to the air in the twister, and then crashed into debris. Eleven planes were wrecked.

Honorable Mention For Victoria Drama Players

By AUDREY ST.D. JOHNSON

Gratification and optimism over the reinstatement of the festival were expressed by all three speakers at the honor performance of the Victoria Drama Festival held Saturday night in Victoria High School auditorium. Miss Dorothy Somerset, the adjudicator, in reviewing the week's work, said the plays had been interesting and enjoyable and the standard, by no means discouraging. She said everything had been unusually well planned and carried out. She had special praise for the backstage workers whom she spoke of as "the elite group who make theatre possible." She also commended the noncompetitive nature of the festival which allowed teams to pace each other in a spirit of friendly rivalry and to give and enjoy a good show. The spirit had been splendid and there was a display of fine talent.

PLAYERS MENTIONED

Miss Somerset cited a number of actors and actresses for honorable mention. The women were: Perle Alarie and Mary Butters, "She Stoops to Conquer"; May Mulholland, "Diet Begins Tomorrow"; Patricia Wilkison, "Gray Bread"; Beverly Findler and Pat Knudson, "Nix Nought-Nothing"; Silvia Chandler, "Rosalind"; Constance Wright, "The Hanny Journey"; Alice Atkinson, "From Five to Five Thirty"; Diana Ricardo, "In Waltz Time"; Muriel Thompson and Edith Gibson, "The Illusionist"; Anne Eshelby, "Between the Soup and the Savory."

The men were: Ronald McLean, "The Crimson Coconut"; Robin Terry, Ernest Lemon and

Jack, Antony, "She Stoops to Conquer"; Ken Weeks, "Nix Nought-Nothing"; Bill Wolf, "The Red Velvet Goat"; Rob Donachie, "Confessional"; Bill Powell, "The House With the Twisted Windows"; J. E. Brown, "The Happy Journey."

CONGRATULATIONS

In a short address, Hon. W. T. Straith, Minister of Education, praised the festival movement and commented on the desirability of reviving the musical festival. He congratulated all those responsible for the first adult drama festival since the war and spoke of the intense interest in drama found even in remote parts of B.C.

Sir Robert Holland introduced the speaker and announced that the award of the scholarship for U.B.C.'s Summer School of the Theatre, offered by Miss Somerset, will be made from several names selected by the adjudicator, and will be announced later. During the intermissions, John Beckwith, gifted Victoria pianist, gave a short program that was greatly enjoyed. Plays presented were: "Nix Nought-Nothing," by Provincial Normal School; "The Illusionist," by The Vagabonds; and "The Hanny Journey," by Doncaster Heights P.T.A. Players.

Chase May Join Transport Board

OTTAWA (CP)—Howard B. Chase, rail union executive and a governor of C.B.C., is regarded as the best bet to fill an early vacancy on the Board of Transport Commissioners.

The \$10,000-a-year job will become available with the July 1 retirement of Commissioner G. A. Stone, formerly of Amherst, N.S., labor representative on the board.

Several candidates are in the running for the job, but informants say Mr. Chase has the inside track. He is assistant grand chief engineer of the Brotherhood of Locomotive Engineers, with headquarters in Montreal. During the war he served with the munitions department.

When You're WORN OUT and Worried

and drag around each day, unable to do the work—cranky with the children—feeling miserable, don't blame it on 'nerves'. Your kidneys may be out of order—for when kidneys fail the system clogs with impurities—and headaches, backache, disturbed rest, frequently follow. To help keep your kidneys working properly—use Dodd's Kidney Pills—and see for yourself if that "silly" feeling is not soon replaced by clear-headed energy and pep. Get and use Dodd's Kidney Pills today.

J. E. Perrault, Former Minister Of Quebec, Dies

MONTREAL (CP)—Joseph Edouard Perrault, former Quebec Attorney-General and Liberal member of the Legislative Assembly for 22 consecutive years, died Sunday night. He was 74. Appointed Minister of Mines, Colonization and Fisheries in 1919, Mr. Perrault was a member of successive Liberal cabinets until 1936. After a reshuffling of portfolios in 1929, he became Minister of Roads and Mines. In March, 1936, he was named Attorney-General. He resigned three months later along with his

chief, Premier L. A. Taschereau, and several other ministers.

They were just in time to watch 39 years of Liberal dominance tumble as Hon. Maurice Duplessis and his Union Nationale swept the province in the July elections.

In 1940, he was appointed to the International Joint Commission for the settlement of border disputes between Canada and the United States. He became president of the body in October, 1947. Mr. Perrault was well known for his good roads policy.

Active in business as well, he was president of the Flax Industries Ltd., Montreal; governor of the Trust General of Canada Ltd., director of Noranda Mines, Hallor Mines, Pamour Porcupine Gold Mines, Amulet Dufault Mines, Waite Amulet Mines Ltd. and the Montreal branch of Quebec Airways Ltd.

Relatives surviving him include

a sister, Mrs. Lucien Dubuc, Edmonton, wife of the chief justice.

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY—

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clammy, so nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! It's famous for this! Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress. Pinkham's Compound contains no opiates—no habit-forming drugs.

It helps nature (you know what we mean). This great medicine also has what Doctors call a stomachic tonic effect.

NOTE: Or you may prefer LYDIA E. PINKHAM'S TABLETS, with added iron.

Athletics Battle Wenatchee With Chance To Gain Ground

Gaining the advantage of an extra four games at home against Wenatchee Chiefs, owing to flood conditions making play impossible at the inland Washington town, Victoria Athletics will be given a first-class chance to gain ground in the Western International League baseball race. Clubs will play single games through to Thursday evening, following which the A's will move over to Spokane for a four-game stand.

Manager Ted Norbert will start Frank Logue, side-arm throwing right-hander, against the Chiefs tonight.

Athletics returned to town today after battling Vancouver Capitanos to an "approximate" 2 to 2 tie in their exhibition game Sunday on the mainland in aid of the B.C. Emergency Flood Relief Fund. Over 2,000 fans contributed a \$2,500 gate.

No one knew what the final score was—the official scorer left the bedlam and sold peanuts. Managers carried bats and water pails while hurlers traded positions with catchers. Athletics wound up the game with Manager Norbert pitching, outfielder Charlie Balassi catching and pitcher Len Kasparovitch on first base.

SALEM ON SPOT

For the second successive week, the schedule-makers have the Salem Senators in the middle of a squeeze play. And whether the Oregonians stay in the title race may be decided this week.

The Solons, now in third place, entertain first-place Tacoma in three then take on second-place Bremerton for four. The two leaders fill out their week against last-place Yakima.

It was the same thing last week. And although Salem swept its three-game mix with Tacoma, the Senators dropped four of five games to Bremerton, including yesterday's twin defeat, 1 to 0 and 4 to 2.

Tacoma rallied from its early-week setback to take five straight from Yakima. Sunday's scores were 12 to 4 and 3 to 2.

Tonight's action sends Vancouver up against Spokane in the inland empire field.

Tacoma's sweep of Sunday's doubleheader was its eighth and ninth wins over the Yakima nine in as many games. In both games the Tigers had to overcome early Yakima leads to win.

Saturday's two final games with Spokane saw the Athletics gain a split as the fans witnessed a pair of thrilling finishes.

In the afternoon engagement the Victoria club staged a rousing ninth-inning comeback that netted four runs and a 6 to 3 victory. At night the Victoria crew made another game attempt to pull a triumph out of the fire by leading the bases in the final frame but failed and went down 4 to 2.

It was the second series win of the week for the A's by a 2 to 1 game margin.

Wind-up of the afternoon affair was one of those finishes one reads about but seldom sits in on. Babe Jensen opened the inning by working pitcher Frank Nelson for a walk. Lou Kubiak followed with a single, sending Jensen all the way to third. Roy Gilmore, who on three previous occasions had struck out, brought the fans to their feet by lifting a 3 and 2 pitch over the centre-field wall to tie the score. Del Owens and Charlie Balassi went down and, with extra innings looming, Vic Buccola strolled to the plate and parked the ball out on Pembroke Street for a four-base blow and the ball game.

OWENS WINNER
Win went to Owens who took over the pitching burden for Victoria from Len Kasparovitch in the fourth. The latter was touched for all Spokane's five runs, Owens giving up two singles the rest of the way. Nelson, number one finger of the Spokane staff, had the A's well under control until they unloaded on him in the ninth. Victoria's second run in the sixth came on a long home run over the left field fence by Archie Wilson.

The night game saw right-hander Bill Harmsen make his first home appearance on the mound for the A's. The curve-ball artist pitched good ball and, with a little better support in the field, could easily have come up with a win. The A's also failed to pick up base hits in the clutches as they nicked southpaw Jack Teagan for 11 hits, five of them doubles and only scored a pair of runs. Harmsen allowed 12 safeties.

It was a mound duel all the way with Victoria twice taking a one-run lead but failing to hold it. After tying the score for the second time in the seventh Spokane won it in the eighth with a two-run rally resulting mainly through an error by Jensen on what looked like a double-play ball.

Fans were really pulling for the Athletics to pull it out in the ninth when they jammed the bases with two away but Lou Kubiak flied to right field to end the threat.

PALMER SPARKLES

Jack Palmer, Victoria second sacker, came up with two brilliant plays in the night affair. Running far to his right to scoop up a ground smash by Teagan, Palmer threw out his man while in the eighth he made a great block of Edo Vanni's infield single and tossed to third base to pick off a Spokane runner who had made the turn. Three times during the Spokane series the A's showed heads up baseball by pulling the same play, Palmer twice and catcher Sal Recca once.

Short scores follow:
First Game—
Victoria 4, Spokane 2
Tacoma 10, Bremerton 7
Freeman Strait (2) B. Fortier (1) and Constantino, Nicholas and Roast.
Second—
Victoria 3, Spokane 4
Tacoma 3, Bremerton 2
Drilline and Eastwood; Sierra and Roast.
First Game—
Salem 6, Victoria 1
Bremerton 6, Victoria 1
McGavin and Stumpf; Conant and Vold.
Second—
Salem 2, Victoria 2
Bremerton 2, Victoria 2
Stevenson and Stumpf; Sullivan and Roastine.

Timber Service Can Catch Softball Leaders Tonight

The Timber Service bid for first place in the Senior A Softball League will receive its stiffest test tonight at Central Park when the woodmen clash with the league-leading Douglas Tire nine at 6:45.

Only one game behind the pace-setters, Timber Service can move into a tie with Jim Lackie's crew with a win in tonight's game and will probably send Joe Bryant to the mound in an effort to turn the trick.

Douglas Tire dropped their last two starts after setting a terrific pace in capturing seven straight in the early part of the schedule. Ken Gunter is the

Nels Potter Takes Mack At His Word On Being 'Fired'

PHILADELPHIA (AP)—Nelson Potter, 36-year-old veteran relief pitcher for Philadelphia Athletics, refused to be reinstated after he was fired by manager Connie Mack during Sunday's doubleheader with St. Louis Browns, the Philadelphia Inquirer said today.

Potter relieved Lou Brissie in the eighth inning of the first game yesterday when the A's leading 5 to 2, the bases loaded and none out. Potter walked in a run, yielded a single, got one man out and then gave up two more singles before being replaced by Charlie Harris.

Potter, who was charged with the loss, was told by Mack as he returned to the dugout: "If that's the best you can do, get your cheque."

It was reported later that Mack had another talk with Potter and a reconciliation was affected, but the Inquirer said Potter considered himself fired and boarded a train for his home in Chicago when the A's entrained last night.

Tennis Tournament Opens Tonight At B.C. Electric Club

The annual club championships of the B.C. Electric Tennis Club will open tonight on the courts at Bowker Avenue. Officials of the club announced that there is a large entry list this year and ask that members watch the papers for their playing time and that they be on time for play.

The draw for the first few days of play follows:

TODAY
6:30—Ivy Hill vs. Nancy Davies; Yvonne Ross vs. Naomi Webb; Christine Ballie vs. Vi Pearson.
7:30—Helen Elliott vs. Betty Legge; Anne Walker vs. Win Elliott; Win Elliott vs. Ede Summers vs. Edna Hicks and Nancy Davies.

TUESDAY
6:30—Edna Hicks vs. Judy Foster; Peggy MacNeil vs. Tommy Kinney; Eve Carter vs. Pauline Bly.

WEDNESDAY
6:30—Rita Richard vs. Russell Chast; Robin Travis vs. Chuck Ders; Dick Hines vs. Don Cameron.
7:30—Marjorie Ellis vs. Betty Legge; Anne Walker vs. Win Elliott; Win Elliott vs. Ede Summers vs. Edna Hicks and Nancy Davies.

THURSDAY
6:30—Naomi Webb and Ivy Hill vs. Eve Carter and Judy Foster; Sylvia Morrow and Helen Stanford vs. Win Elliott and Austin Gower; Gladys Roush and Frank Boucher vs. Leah Garrison and Jim Pritchard.
7:30—Marge McConan and Chuck Stevens vs. Peggy MacNeil and Harry Carruthers; Nancy Davies and John Wilson vs. Eve Carter and Don Anderson; Lorraine Carruthers and Stan Richard vs. Win Elliott and Robin Travis.

McColl, Painter Retain Golf Buttons

Bill McColl and Vic Painter of Colwood Golf Club retained the city golf buttons yesterday by defeating Colin Rutherford and Alan Taylor of Victoria Club, 2 and 1.

McColl shot fine golf all afternoon to come in with a par 70 and but for a bogey five on the 18th would have had a sub-par round. Taylor played well for the losing duo.

likely choice to do the heavy work for the loop leaders.

On Saturday, Bluebirds defeated Navy, 11 to 7, to move out of the cellar and deposit the sailors in that position. Winners sewed up the game early, scoring three runs in the first and adding seven in the third.

Navy were held scoreless until the fifth when they managed one run. The tars added two more in the eighth and finally knocked Paul Chan out of the box in the ninth with a belated rally good for four tallies. Al Majorik stopped the uprising in a relief role. Bluebirds scored their final run in the ninth on a home run by Howard.

EVERETT, Wash. (AP)—Former Walker Cupper Jack Westland, Everett, rallied Sunday to successfully defend his state amateur golf championship with a 3 and 2 victory over 19-year-old Al Menger of Spokane.

Westland, 24 years older than his youthful opponent, was two down at the end of the 18-hole morning round. Then, with a brilliant display of sub-par golf, he pulled even on the 22nd and went three up at the 26th.

Over 500 Participate In Opening Salmon Derby

Fred Sparks with his prize-winning 21 1/2 pound spring.

A button-winning 21 1/2 pound spring salmon taken by Fred Sparks, 3131 Carman Street, Sunday, headed the fish placed on the prize ladder in the Victoria-Saanich Inlet Anglers' Association first derby of 1948 in the inlet.

Only other button winner reeled in by a derbyist went 20 pounds 1 ounce, taken by Fred Mould, 961 Wollaston Street. More than 500 members of the association combed the water of the rain-drenched sport fishing grounds for 10 hours seeking the June offerings of spring salmon.

The overall picture of the fishing was few heavies but a considerable number of small springs. A fresh run apparently came into the inlet Saturday and fish were caught in many localities which earlier last week were barren.

The catch by Sparks was a double winner. He not only won the \$165 four-piece silver tea set with tray, but also put in a claim for his bronze button. Fishing out from Goldstream, Fred hooked into the big one around 10 in the morning, using 500 feet of line and a 50-50 Wonder No. 6 spoon.

Isabel Jarvis in defence of the E. D. Todd women's brooch. Match will start at 1:45.

A par competition in aid of the B.C. Emergency Flood Relief Fund was held Saturday and the sum of \$81 was realized. R. M. Macted was the winner with a score of 4 up.

SCORES KNOCKOUT
VIENNA (AP)—Jo Weiden, Austrian heavyweight champion, knocked out Francis Jacques, former French titleholder, in the third round today before a crowd of 20,000.

PHILADELPHIA (AP)—Respectable Bill Dietrich, 35-year-old dean of active American League pitchers, demanded his unconditional release from Philadelphia Athletics Sunday, and Connie Mack agreed to give it to him as soon as other clubs have had a chance to waive.

"He was very nice about it," said Dietrich, who was not in uniform as the A's concluded a four-game series with St. Louis Browns.

Others who made the derby prize list, left to right: James Smethurst, winner of inboard-engine boat (in the picture); Fred Mould, second-place prize winner with his 20 1/2-pound catch, and Reg Williams, fourth prize winner, with his 15 1/2-pounder.

No 2 fish of the day—the 20 1/2 pounder—was reeled in by Mould at 7:30 off McCurdy's Point. A Lucky Louie, 350 feet of line and a planer were employed in the catch. His prize was a set of traveling cases.

OTHER WINNERS

A Chinese angler by the name of Flye Ball scored third prize, a mantle radio, with a specimen going 18.14 pounds, while Dewdney Avenue's Reg Williams went home with a chest of silver flatware for his fourth-prize 15 pound, 6 ounce catch.

Other prize-winning catches were: E. Jeny, fifth, 15.3 pounds, an electric combination waffle iron and toaster; R. O. Lohr, sixth, 15 pounds, a rod, reel and line; Ed Newman, seventh, 14.11 pounds, a reel; H. Handyside, eighth, 14.10 pounds, air of safety cushions.

Hidden prize for the smallest fish weighed in, a silver casserole, was won by I. A. Baker. He weighed in a six-ouncer.

James H. Smethurst, Verdier Avenue, Brentwood, operator of the Red and White Store, was the lucky man of the day. He won the top consolation award, an inboard-powered 12-foot boat. Second in this bracket went to Robert Ponsford, Glanford Avenue, a blanket.

PRIZES PRESENTED
President Les Dicks of the association, officiated at the presentation of prizes at the conclusion of the fishfest at the Anchorage headquarters, Brentwood. Weigh-in committee there was composed of second vice-president Chester Alexander, derby chairman and first vice-president Ed Duffin, directors Dan Thomas and Ed Short. Tom

Cole was official weigher at Goldstream. Dicks announced the next attraction on the derby schedule for the year was the July 4 public derby on behalf of the Queen Alexandra Solarium.

While the derbyists found the big fellows scare they did pretty well with the smaller ones. Some boats got four and five of the less weighty specimens. Included in these was four by the team of Bill Archer and Fred Smith, while Bev Gilson and his partner took the same. Most of the fish were taken deep. One of the top catches of the day was seven by R. Fairservice and his wife, largest 14.8 pounds.

Rain was almost continuous, making it uncomfortable for the open-boat fishermen. Derby boats ranged from posh cabin jobs to the row-your-own variety, the open boats in the majority.

Hogan Will Continue Stiff Tourney Play

LOS ANGELES (AP)—Ben Hogan, winner of almost every other honor in golf, captured his biggest tournament Saturday—the United States Open championship.

Stunning a record crowd with a par-breaking performance, Hogan won the championship with a 72-hole score of 276. Par is 284.

The mechanical man of golf, refusing to crack when the pressure came in the final stages, wrecked the par-71 7,020-yard Riviera Country Club championship course with Saturday's performance.

Shooting final rounds of 68 and 69 to go with his first round 67 and second round 72, Hogan steadily and carefully chopped down the hopes of his nearest rival, Jimmy Demaret, Houston, Tex., who finished second with 278.

Hogan broke the United States Open tournament record for 72 holes, a 281 registered by big Ralph Guldahl at Detroit in 1937. He also fractured the 54-hole score, which was 211.

ENJOYS DAY OFF
Sunday was an unusual day for Hogan, originally from Fort Worth, Tex., but now of Hershey, Pa. He did not play golf. He plans to rest for a day or so before resuming the golfing wars.

His next appearance will be in the Inverness round robin four-ball tournament at Toledo, O., June 24, and his partner will be Demaret.

Hogan, contrary to some belief, said he did not plan to limit his golfing activities. He said he would play in as many tournaments as possible and could not "afford" to confine his play merely to the big events.

Hogan regained the lead to win the title and \$2,000 first money in Saturday's 36-hole battle by shooting rounds of 68-69. At the same time Demaret was shooting the same score, playing in a threesome nearly an hour ahead of Hogan.

"Yes," said Hogan in answer to a question, "I knew all the time what Jimmy was doing and I knew what I had to do to stay in front."

Demaret wound up with 278.

Ruth Weeps At Ceremony To Retire Famous No. 3

NEW YORK (AP) — Babe Ruth's uniform with the famous No. 3 on its back was officially retired Sunday.

The occasion marked the celebration of the 25th anniversary of the Yankee Stadium. In addition to Ruth, all the living members of the 1923 Yankee team were on hand as were stars of other Yankee teams which included Bill Dickey, Red Rolfe, Lefty Gomez, Joe Gordon, and many others.

A crowd of about 50,000 defied rainy weather to witness the celebration.

The fans nearly raised the stadium roof when the Babe was introduced. He came strolling out of the visiting team's dugout, wearing his famous uniform and swinging a bat. He obliged photographers, by posing for them with his familiar swing.

Will Harridge, president of the American League, was on hand to make the presentation of Ruth's uniform to Baseball's Hall of Fame in Cooperstown, N.Y.

ONE OF GAME'S IMMORTALS

"Babe is one of baseball's immortals," he said. "His contribution to the game cannot be measured. It is with deep appreciation for what he has done for baseball that I hereby present this uniform to the hall of fame."

Stationed at home plate and leaning heavily on his long yellow bat, the Babe, with tears in his eyes, asked to say a few words to the crowd. Silence fell over the throng as the Babe spoke huskily into the microphone.

"Ladies and gentlemen, I just want to say one thing. I am proud I hit the first home run here against Boston in 1923. It was marvellous to see these 13 or 14 players who were my teammates going back 25 years. I'm telling you it makes me proud and happy to be here. Thank you."

Garnet Stars In Eagles' Ball Win

Toad Garnet turned in a one-man show for Eagles in Saturday's senior amateur ball tilt as he pitched and batted the birdmen to a 6 to 2 triumph over Pitzer & Nex.

On the hurling side, Garnet allowed but five hits and two unearned runs while whiffing eight and issuing two free passes to first.

He drove in three runs with a single and double in four trips and scored once.

Tonight Ben's Bombers will play Pitzer & Nex at Macdonald Park at 7. Yesterday's game was rained out.

Del Fanning Wins Langford Feature; Caldwell Second

Del Fanning with his No. 1 Seattle car was home free in the main event of Saturday night's International major car races at Langford Speedway which brought more than one spine-chilling thrill to the fans.

A good-sized crowd was on hand despite threatening weather.

It was the favorite, Jack Spaulding, driving the No. 7 American car, who brought hearts into mouths while he was trying to catch Fanning early in the feature event.

The little man started last in the race, his car turning in the fastest time in the time trials, and he was coming into the front stretch on the fifth lap when the fireworks started.

George Haslam, driving the local No. 6, got into difficulties on the turn in front of Spaulding, and in a flash the No. 7 car rocketed over a rear wheel of Haslam's hot rod.

It looked for a split-second like Spaulding was going to flip over in front of the stands, but the veteran kept control and brought his flying car down with a four-point landing.

A broken throttle forced him to the pits a short time later.

LOCALS DO WELL

Meanwhile Digger Caldwell in his gallant local No. 1 car was chasing Fanning who had boomed into the lead on the first lap. Digger couldn't make it, though, and he rolled home second to the Seattle boy. Third was another Victoria boy, Harry Greenwood, who drove a steady race throughout. Greenwood was followed at the finish by Dave Cooper, Roy White, Gar Warren and Roy Vincent, in that order. Haslam spun out of the race when he and Spaulding came to blows.

Spaulding won the helmet dash and first heat race. Second and third in the dash were Lloyd Simpson and Haslam, and in the heat event, Caldwell and Haslam.

Jerry Vantreight won the second heat race with Simpson and Greenwood second and third. Cooper won the third heat race and White the fourth. Eddie Kostenuk beat White in a match race and Haslam took Brown in another show event.

Kostenuk drove well to win the B main event. Verne Bruce finished second and Corky Thomas third.

Jokers Drop Boxla Tilt To Nanaimo; Game Tomorrow

Nanaimo retained its hold on first place in the Island Senior Box-Lacrosse League Saturday night by whipping the second place Jokers, 12 to 6, at Nanaimo.

J.B.A.A. juveniles played to a 4 to 4 tie with Nanaimo in a preliminary game.

With all proceeds going to the B.C. Emergency Flood Relief Fund the best crowd of the season turned out and the boxla boys didn't disappoint as they tossed in a couple of fights and a penalty box brawl for the benefit of the customers.

Nanaimo took a 4 to 2 lead in the first half after being held to a 1 to 1 score in the first quarter. The up-landers increased their lead to 8 to 3 in the third canto and outscored the Victoria team, 4 to 3, in the final period.

J.B.A.A. will play Jokers tomorrow night at Stevenson Park. Yesterday's game was rained out.

Teams and scores follow:

Jokers-Andrews, Thomas, McMillan, Thompson, Ellis, J. Douglas, Stewart, Bantz, Harding, Rhodes, Fellow, Scotney and Joyce.

Nanaimo-Pullie, Seward, Good, C. Garland, B. Bennie, Dorman, Potts, Rice, J. D. White, Macdonald, 2, Manson, 2, P. White, E. Bennie and Gled, 1.

Japanese Swimmer Betters World Mark

TOKYO (AP)—Three clockers timed a 20-year-old Japanese student in a world record for the 800-metre free-style swim today—9 minutes 46.6 seconds.

But Konoshin Furuhashi of Nippon University cannot claim the mark, which was 4.3 seconds less than the record set by W. Smith in Honolulu July 24, 1941. Occupation policy forbids Japanese from recognition in world sports.

One That Didn't Get By

Louis DeCosta, veteran netminder of the Canadian Legion soccer team, clears a drive fired by Dave Brown, North Shore inside right, in Saturday's Province Cup semifinal at Macdonald Park. Frank Ambler (9) of North Shore, foreground, made an effort to head the ball but was beaten by DeCosta. Tom Weldon, Legion fullback, is covering up for the Legion goalkeeper. North Shore won 4 to 1.

Shores Halt Legion Bid For Province Cup

Displaying a superior brand of football in practically every department, North Shore Reds Saturday knocked Victoria's representative, Canadian Legion, out of further participation in the Province Cup soccer series by administering a 4 to 1 defeat on the local eleven in the semifinal game of the cup-tie round.

The Reds will meet St. Andrews in the sudden-death final, the latter having defeated South Hill, 2 to 1, in the other semifinal on the mainland Saturday.

North Shore forced play from the opening whistle and kept the Legion defenders hemmed in their own half through most of the first 45 minutes. Legion's only offensive rushes were of the spasmodic variety and only one was dangerous when halfback Mickey Smith hit the cross bar on a free kick with goalie Ian McKay beaten on the shot.

OPENING GOAL

After Dave Brown had fired a blistering shot over the bar and Frank Ambler hit the post on another effort, Brown counted the first goal for the visitors when his hard drive deflected off the foot of Glen Robbins into the right-hand corner of the net with Louis DeCosta leaning the wrong way.

Eight minutes later at the 30 minute mark Jimmy Spencer put North Shore two goals ahead when a twisting shot easily beat DeCosta. Ambler and Brown made the play for Spencer who was in the clear when he fired the shot.

Shortly before half-time Ambler got his first of two goals by picking up a loose ball and blasting it home. DeCosta got his hands to the ball and almost pushed it around the upright but the ball hit the post and skidded into the corner.

SECOND HALF

With the start of the second half Legion showed a vast improvement in their game and carried the play into the North Shore end to force a number of corners and gave McKay some anxious moments.

Alan Reside scored the vets lone marker near the 15-minute mark when he tricked the North Shore defence, passed to George Kulai, who gave it back to him in front of the net and Reside hit the corner.

Harvey was pulled down in the Legion goal zone about halfway through the period, but DeCosta saved on the penalty drive.

North Shore's final marker came about 10 minutes from time when Ambler found the net through a maze of players on a low ground shot.

Referee Bobby Calder, formerly

Uplands Contributes \$89 To Flood Relief

Results from Sunday's medal round and donations from members and visitors were gratifying and the Uplands Golf Club is pleased to announce that the sum of \$89 will be forwarded as a contribution to the B.C. Emergency Flood Relief Fund.

Gordon Hunter captured the medal round with H. O. English, Stan Evans and Dr. H. H. Livsey tied for second. C. M. Lindsay won gross honors.

Seattle Finally Wins; Graham Hits 31st Homer

A surprise team each week seems to be the Coast League's routine and the new headlines — Rip Collins' rejuvenated San Diego Padres.

The Padres succeeded Seattle as the P.C.L. glamor club by cooling the Rainiers six straight times before bowing in yesterday's second game, 5 to 4. San Diego, paced by Jack Graham's 30th homer with two aboard, took the opener, 5 to 3.

Graham clouded No. 31 with none on in the finale, but south-paw Herman Besse staggered through to end the Suda losing ways.

San Diego's surge put the Padres in third place, three games back of leading San Francisco and one jump behind Los Angeles. The Rainiers' dismal week left them in fourth position, four and a half games off the pace.

HEADED FOR RECORD?

Graham's Sabbath blasting put him well ahead of Tony Lazzeri's home-run pace in 1925, when that slugger established the P.C.L. record of 60. Graham's total has been rung up in only 74 games. The Padres have 112 more to play.

Tommy Bridges, the old Detroit Tiger now flinging for Portland, turned in the day's nearest pitching job, however. He limited San Francisco to two hits in a brilliant 4 to 0 victory. The Seals bounced back to take the night-cap, 9 to 8, and gain a three-three series split.

Los Angeles picked up some ground by two-timing Hollywood, 10 to 4 and 4 to 3. And Oakland won a four-three series from Sacramento on Aldon Wilkie's five-hit 4 to 1 victory in the opener. The Solons took the second game, 5 to 1.

First Game—
Hollywood 10 16 1
Los Angeles 4 12 1
Sacramento 5 12 1
Oakland 5 12 1
San Diego 5 12 1
Portland 5 12 1
Seattle 5 12 1
San Francisco 5 12 1
Vancouver 5 12 1
Victoria 5 12 1
Winnipeg 5 12 1
Yukon 5 12 1

Gerard Cote Wins Trial Marathon By Wide Margin

HAMILTON (CP) — Canada's low-rated track stock in the 1948 Olympic Games rose a little here Saturday when 34-year-old Gerard Cote virtually made sure of a berth on the Dominion's Olympic team.

The little policeman from St. Hyacinthe, Que., outsped a field of 26 competitors to take his popular victory over the 26-mile 385-yard marathon route for the official trial title. His time was 2:46:06.

Cote, four-time winner of the famous Boston marathon, took the race handily after the 20-mile mark. Until that point it was a three-way race, as the veteran marathoner pulled away from Walter Federick, Hamilton Olympic Club star, and Lloyd Evans, veteran Montreal runner.

Federick, who placed second, set the pace for more than half of the official Olympic distance, crossing the Civic Stadium finish line only 23 seconds behind Cote. In third spot was Evans, more than a minute slower than Federick.

Although weather conditions were ideal for the run, the French-Canadian's time was 15 minutes slower than his last Boston race, and three minutes slower than his victory in the Los Angeles marathon May 21.

Over 1,000 Teachers Coming Here Next Month For 5-Weeks Course

B.C. public school teachers will converge on Victoria, over 1,000 strong, for the Department of Education's Summer School which starts July 5.

Officials of the department said today 1,044 teachers have registered already for the school. They expect an increase of at least 400 over last year's enrollment, the previous all-time high for the Victoria section of the school.

The influx is creating a major problem for the department, where will the temporary residents reside?

The school will last five weeks and although many people have made rooms available for the teachers, the supply by no means meets the need, it is reported.

A house-to-house canvass failed to find enough accommodation and department officials are appealing for listings of people who will take the teachers into their homes.

All details regarding the type of accommodation required and the rates being charged may be obtained from the Summer School of Education office, Bank of Montreal Building, Yates and Douglas Streets, or by phoning FRANK 5024.

It was pointed out that because the summer school operates its own cafeteria, meals are not an essential consideration for those offering accommodation.

PROMINENT LECTURERS

A number of prominent lecturers have been obtained for this year's school. Among them are Dr. Karl S. Bernhardt of the

University of Toronto; Dr. Paul Landis, Washington State College; O. L. Schmaele, director of guidance and counselling of San Francisco schools; Miss Elizabeth McLeish, supervisor of art, Brandon City schools, and Miss Dorothea Jackson, director of kindergarten-primary education, Seattle public schools.

Several new courses are being offered in line with the Department of Education's new certification requirements.

Chief among the new fields are kindergarten education, educational and vocational counselling, and high school art.

The Victoria High School building again will be used for the summer school, and because of the increase in numbers attending, classes also will be held at Central Junior High School. The summer school concert series, a tradition with the school, will be offered, and heading the list of artists scheduled to appear are:

Joseph Schuster, cellist; Ruth Lorraine Close, harpist; Eleanor King, dancer; John de Marchant and Mary Edwards, in a vocal concert.

Because of the great impression he made last year with his authentic Indian dances, Roger Ernest has been booked to appear again.

Cobble Hill C.C.F. Club discussed recent gains in support, and passed a motion supporting A. McIntyre of Langford as delegate to the national convention at Winnipeg in August.

Saanich Motor Bike, Car Collisions Send Two To Hospital

In addition to the case where one man was killed, Saanich police attended two other accidents yesterday and this morning in which persons were sent to hospital with injuries.

At 8:15 this morning John Russell, 1615 Fairfield Road, was taken to Jubilee Hospital suffering from chest injuries when the motorcycle he was driving was in collision with a car driven by Thomas Drysdale, Arrow Road, at the intersection of Cumberland Street and Union Road. Police said Drysdale was proceeding west on Union, and Russell north on Cumberland. The injured man is believed to have sustained broken ribs.

An Indian woman, Mrs. S. Tahouney, passenger in a car driven by William Charles Lumley, Pandora Avenue, was taken to St. Joseph's Hospital at 2:45 yesterday afternoon when the car was in collision on the Beaver Lake Park road. Her condition is reported as good.

According to Saanich police, the Lumley car was in collision with one driven by Wilf Sadler, Beaver Lake, the father of two children who were burned to death in a fire last year at his lakeside home. After the first impact, the Lumley car continued on, hit two trees and careened on into the underbrush. Damage to the Lumley car is estimated at \$400. The Sadler car was only slightly damaged.

Strawberries Unharmed By Rain

Sunday's one-tenth-of-an-inch rainfall did no damage to ripening strawberries, J. J. Young, manager of the Saanich Fruit Growers' Association, reported this morning.

"In fact, it did some good," he said. "Rain is helpful just as long as there's not too much of it." The main crop of the season is now expected in about a week's time, Mr. Young said. The season can be expected to last for about three weeks.

"Usually a late season is a short season," he observed. Raspberries will follow the strawberries and logans will follow the raspberries. All are delayed this year because of unfavorable weather conditions.

Mr. Young reported some berries had been flown to prairie markets but that the freight charge prohibits growers from making any great use of air express.

Negotiations are underway to have Trans-Canada Air Lines reduce its air freight charge, he said. If this is done, growers will be sending more of their berries to market by air.

Meanwhile, C. M. Smith, district supervisor of the Dominion-Provincial Emergency Farm Labor Service here, says he expects there will be a sufficient number of pickers available to handle this year's crop.

Special buses to carry pickers from the city to the farms will go into service Wednesday morning.

Gottwald Becomes Czech President

PRAGUE (AP)—Czechoslovakia's first Communist President was elected and took office today.

Premier Klement Gottwald was elected by a show of 296 hands in a public parliamentary election held in 16th century Vladislavsky Hall, and was hailed by Speaker Oldrich John as "a Socialist president in a Socialist country."

Apart from Gottwald and a woman deputy who resigned three days ago, only two voters were not accounted for among the 300 members of parliament, who include 214 Communist Party members.

The new President swore allegiance to the People's Democracy constitution, went to review troops and police, and then Catholic Archbishop Josef Beran greeted him and Mrs. Gottwald at the door of St. Vitus Cathedral.

An audience which packed the ancient Vladislavsky Hall applauded the election long and loud and chanted:

"Atize! President Gottwald—Long Live President Gottwald." They joined in singing the national anthem.

The British, French, United States, Chinese and Russian ambassadors headed the diplomatic corps present.

Abbott Sidesteps Beef Export Query

OTTAWA (CP)—Donald Fleming, P.C., Toronto-Eglinton, tried unsuccessfully in the Commons today to learn when the government plans to remove the long-standing embargo on the export of beef cattle to the United States.

Finance Minister Abbott, to whom he directed his question, said it did not come under the finance department.

Agriculture Department officials here have said the export ban will not be lifted for some considerable time, while other sources have suggested it may be removed when the movement of beef cattle to market starts. This will be around July 15 in Ontario and Sept. 1 in western Canada.

Agriculture Minister Gardiner, who will make the recommendation to the cabinet, now is in western Canada.

No Return Planned To Broad Control

OTTAWA (CP)—Finance Minister Abbott reiterated in the Commons today that the government does not intend to return to a system of overall price control to meet the high cost of living.

Replying to Stanley Knowles, C.C.F., Winnipeg North Centre, he said the government had neither the constitutional nor the parliamentary authority to return to extensive wage and price controls.

William Irvine, C.C.F., Carleton Place, said that since the government could not go back to overall price control he wondered "to what does the government propose to go forward to" to stem living costs.

Mr. Abbott said he had made the government's position "perfectly clear."

CBC Trying To Buy Montreal Hotel

OTTAWA (CP)—The Canadian Broadcasting Corporation is negotiating to buy the Ford Hotel in Montreal for \$2,050,000, Revenue Minister McCann said in the Commons today. The hotel would be used as headquarters for its international service, he told John Diefenbaker, P.C., Lake Centre.

The CBC would become the tenant of the hotel.

J. M. MacDonald, P.C., Muskoka-Ontario, said there was "very strong feeling in Montreal against the deal."

Dr. McCann replied "every consideration" had been given such matters. There had been "no great protest."

Flood Fund to Top \$100,000 Tonight; Theatres to Help

Week-end subscriptions by Victorians to the B.C. Flood Emergency Fund totaled \$4,481, bringing the amount of the campaign here to \$91,800, Ted Fox, publicity chairman of the drive, announced today.

Only \$8,200 more is needed to bring the campaign to the original \$100,000 objective set for this area, Mr. Fox said. This amount will be over subscribed by tonight, it was felt.

The drive will continue throughout the province for at least another two weeks, it has been announced from Vancouver, where the fund headquarters have been established.

Now the \$100,000 mark has been exceeded, no new quota has been set.

Austin C. Taylor, C.B.E., provincial chairman of the fund, personally subscribed \$10,000 to the drive on behalf of himself and his wife during the week-end.

Movie theatres throughout the province will host the "flood fund" considerably by turning over their proceeds for Monday, June 21, to the drive. It is expected close to \$100,000 will be netted from this source.

All Victoria theatres will participate.

Electric Suits Cause Confusion In Ship Compasses

Those nice, warm, electrically-heated suits currently being worn by helmsmen on some merchant ships will probably go by the board as the result of investigations which show the suits cause a serious deflection of a ship's compass.

In a notice to mariners, J. C. Lessard, deputy minister of the Dominion Department of Transport, reports that the United Kingdom Ministry of Transport has discovered that the electric suits, of the type worn by airmen and now, in some cases, adopted by helmsmen on merchant ships, are causing serious interference with the accuracy of the compasses.

Ships' masters are advised to prohibit the wearing of these suits by members of their crew in the vicinity of the compass. In the past, Mr. Lessard reports, similar trouble has resulted from steel rings fitted inside of officers' caps becoming magnetized and, consequently, it is advised that care be taken to ensure that no steel articles whatever are worn or carried by ship's officers when taking compass bearings or by any of the ship's personnel when employed in their normal duties near the compass.

Permit To Build \$48,000 Apartment

City building inspector today issued a permit to H. Pottinger, for construction of a 14-suite apartment at 500 Vancouver Street, at a cost of \$48,000.

D. C. Frame is the architect and J. Henson, contractor. Permits to build dwellings were issued to Mr. and Mrs. A. A. Konkin, for a house at 2115 Belmont, to cost \$6,500; Mr. and Mrs. C. Hau, for a house at 1418 Brooke Street, to cost \$4,500, and J. D. Stewart for a house at 356 Richmond, to cost \$6,000.

Royal Mail Ship Brings Passengers

The Royal Mail Line ship Loch Garth docked at Ogden Point early this afternoon, carrying three passengers from the United Kingdom, it is reported by Eric Marshall, of George Paulin Ltd., shipping agents.

Two of the passengers, D. Jones and J. Graham, will proceed to Seattle. Miss M. P. Brown, who leaves the ship here, will proceed to West Summerland, B.C.

Mr. Marshall said passenger accommodation on the Loch Garth is already booked solid for the return trip.

Loads For Australia

The Swedish motor vessel Mangarella is now at Ogden Point docks loading 500,000 feet of lumber for Australia, Cecil Ridout, manager of King Bros. Ltd., shipping agents reported today.

Ss. Northleigh is at Cowichan Bay today loading 1,000,000 feet of lumber for the United Kingdom.

Tennis Captain Dies

HOT SPRINGS, Va. (AP)—Bernon Sheldon Prentice, 66, non-playing captain of the U.S. Davis Cup team, died Saturday.

Gets 2½ Years For Theft Of Cheques

Vernon Reid, 26, Victoria, was sentenced to two and one-half years in the penitentiary this morning by Magistrate H. C. Hall in city police court when he appeared for sentence on a charge of theft of three government cheques made out to local residents.

Accused pleaded guilty to all charges Saturday. The same sentence was given for each charge, but to run concurrently.

Donald Standell, 28, Victoria, who was involved with Reid in the cheque-stealing, was sentenced Saturday to three years in the penitentiary.

Court action on the two winds up lengthy investigations carried out by city detectives who were given some valuable aid by the Esquimalt and B.C. Provincial Police.

300 Delegates Here For Grand Chapter Of Eastern Star

More than 300 delegates and members of Grand Chapter of British Columbia, Order of the Eastern Star, gathered in Victoria this morning for the 37th "Silver" annual session, to be held in the Crystal Ballroom at the Empress Hotel, today, Tuesday and Wednesday.

Mrs. Jessie Hichens-Smith, Victoria, worthy grand matron, will preside at all meetings. John H. Robinson is worthy grand patron, and Mrs. Hazel Freeze grand secretary.

Guests include Mrs. Sadie Harvey, past grand matron, member of the International Temple Committee, and Mrs. Grace Shane, past grand matron, member of the cancer research committee of the general grand chapter with visitors from Washington State, Wyoming, California and Alberta.

Registration takes place throughout the day and sessions commence this evening at 8 with procession of grand officers, pages and ushers.

Mayor Percy E. George will present greetings from Victoria and delegates will be welcomed on behalf of hostess chapters by Mrs. Margaret Leheim, worshipful mistress, Queen City Chapter, No. 5, Victoria.

Business sessions start Tuesday morning with announcement of committees and reports of grand officers. A memorial service will take place in the afternoon, arranged by Mrs. Vera Jensen, P.C.M., and Tuesday evening a demonstration of ritualistic work by selected corps of officers will be presented.

Election of officers will be held Wednesday morning with installation ceremonies Wednesday evening, conducted by Mrs. Grace E. Wilson, P.G.M., assisted by Earl Bell, P.G.P.

George D. McKee, Victoria, was fined \$15, or in default four days in jail, by Magistrate H. C. Hall in city police court today on a charge of creating a disturbance in a public place during the week-end. He was arrested by police in Chinatown.

\$1,896,772 In Cement Produced Last Year, Mine Report Shows

Value of clay products and other structural materials manufactured and mined in British Columbia last year was \$5,896,803, with cement and sand and gravel topping the list.

Value of cement produced in the province in the 12-month period was \$1,896,772, and the value of sand and gravel \$1,828,919.

Figures are given in a report by Minister of Mines R. C. MacDonald.

Corresponding total value for 1946 was \$3,199,563.

Value of cement produced in 1946 was \$1,739,966, and of sand and gravel \$1,713,138.

4,318,000 BRICKS
A total of 4,318,000 common bricks were manufactured last year, compared with 3,300,000 in 1946, and the values were \$122,660 in 1947 and \$94,000 in the year previous.

Face, paving and sewer blocks manufactured in 1947 totaled 1,232,812, which was \$44,871 less than the number manufactured in 1946. Values were \$64,849 in 1947 and \$84,353 in 1946. Value of firebricks and block manufactured last year was \$389,899 and in 1946 \$283,317.

Fewer drain tiles and sewer pipes were produced in 1947 than in 1946, but the value last year was higher. The number last year was 1,962,583, valued at \$361,975; and the number in 1946, 2,068,424, valued at \$263,864.

151,671 TONS LIME

In 1947 151,671 tons of lime were produced, and the value was \$714,126. In 1946 159,493 tons were produced, and the value was \$642,912.

Nearly 15,500 tons more of stone for building came from the province last year than in 1946, and 67,880 tons more of rubble, riprap and crushed rock was produced in 1947 than in 1946. Value of 19,835 tons of stone produced last year was \$119,971, and of 222,044 tons of rubble and crushed rock, \$216,673.

Victoria branch of the 48th Battalion C.E.F. Association (Third Canadian Pioneers) will meet Wednesday night at 8 at 1231 Government Street.

Lusty Fight Nearing In U.S. Senate On F.R.P. Details

WASHINGTON (AP)—Another lusty fight over the European Recovery Program is shaping up in the United States Senate.

Senators favoring the full \$5,300,000,000 plan aimed at jacking up Europe's economy—and halting Communism—are not fully satisfied with the appropriations committee's action.

The committee voted Saturday night to put the program on a 12-month basis instead of the 15 months voted by the House of Representatives. It also restored most of the House cuts, too. But the funds it approved still fall \$245,000,000 short of what Congress authorized.

Senator Arthur Vandenberg, Rep. Mich., State Secretary Marshall of the United States and Paul G. Hoffman, administrator of the Economic Co-operation Administration, told the committee last week they would not be satisfied with anything less than the full program.

The Senate appropriations committee gathered, meanwhile, to finish up other items in the bill. These include funds for China, Japan, Korea, Greece and Turkey.

Sunday the E.C.A. handed out its biggest recovery package so far—\$95,610,605 for 11 countries—of which Canada will furnish more than \$14,000,000 worth of aluminum, copper, lead and linseed oil.

CHARGED WITH BIGAMY

Preliminary hearing of Frederick Foley, 65 years, 320 Niagara Street, charged with bigamy, concluded in city police court this morning. At the request of counsel, James Proudfoot, Magistrate H. C. Hall remanded accused to tomorrow for formal commitment for trial.

After C. L. Harrison, city prosecutor, had presented the Crown's case, Mr. Proudfoot said accused had nothing to say and that there would be no defence evidence presented at this time.

TOO LATE TO CLASSIFY

LONDON—John Evgerton Langdon of Rocky Point, B.C., in his 56th year on June 13, 1948, at the Royal Jubilee Hospital, born in Ross, New Zealand, and a resident of Rocky Point for three years. He leaves to mourn his loss, his wife and one son, John L. Langdon, at home.

Funeral service in Hayward's B.C. Funeral Chapel on Tuesday at 3 p.m. Cremation.

(Toronto papers, please copy.)

PALMER—On June 12, 1948, at the Royal Jubilee Hospital, Charlie Palmer of 1254 St. Charles, aged 62, born in Victoria, only son of late Professor and Mrs. Daphne Palmer. For many years Mr. Palmer was captain in Victoria Fire Department and was one of the original members of the Victoria Volunteer Fire Department. He leaves a stepson, R. V. Cassell, with whom he resided, and two grandchildren.

Funeral from Hayward's B.C. Funeral Chapel on Tuesday at 11:30 a.m. Rev. G. L. Jull officiating. Interment in family plot, Royal Oak Burial Park.

STEWART—On June 12, 1948, Dr. George Grant of 3025 Telegraph Road, a resident of Victoria for the past 11 years, formerly of Edmonton, Alta., A.D.M.E. of Pensions and Health, Alberta; born in Bristol, County Pontiac, Que., July 26, 1887. He leaves to mourn his passing, his widow, and one son, George, at home, and one son, Neil, in Montreal; three daughters, Mrs. Fred A. Smith, and Mrs. Louis G. Foster, both of Calgary and Mrs. J. C. Cowan, in Montreal; also five grandchildren.

The remains are resting in Hayward's B.C. Funeral Chapel pending funeral arrangements. (Edmonton, Ottawa and Toronto papers, please copy.)

RECEIVES DEGREE—Lawrence J. Wallace, mathematics instructor at Victoria High School and well known as a juvenile sports promoter throughout the city, graduated from the University of Washington in absentia Saturday, receiving a Master of Education degree. Serving in the Royal Canadian Navy four years, Mr. Wallace received his discharge in the early part of 1946 and attended the university until September of the same year. He spent an additional two months at the Washington centre last summer. Last week, Mr. Wallace was elected president of the Interhigh School Sports Council for the 1948-49 season, after holding the position of vice-president this year. He is also supervisor of sports at the city institution and chairman of the High School Memorial Stadium committee.

Victoria Groups Back From Portland

Victoria's May Queen, Stephanie Jones, her two princesses, Ruby Ross and Florence Bezy, the Victoria Girls' Drill Team, and the Victoria Girls' Pipe Band were back in Victoria today after a busy three days in Portland, where they represented this city in the annual Portland Rose Festival.

They said they enjoyed the festival but did not enjoy the rain which went with it.

Taking part in both the junior rose festival parade on Friday and the grand floral parade on Saturday, the Victoria girls were received with enthusiasm by cheering Portlanders, but were thoroughly drenched by weeping skies.

In addition to the parades, the drill team was featured in a radio broadcast from Portland and took part in an outdoor pageant on Friday night, when there was no rain.

The pipe band found time between parades to visit the Shriners' Hospital for Crippled Children where they played for the entertainment of patients.

Norman Foster, director and founder of the drill team, said the Victoria unit had no difficulty in getting to the Oregon city. Flood conditions prevailed just outside Portland, however.

"I went for a tour over one of the flooded areas with the Portland Chief of Police. We went in a 'duck' and at one place we looked over the side and saw the roof of a house just under the surface of the water."

"Other houses had been raised off their foundations and were floating about."

A dance given by residents of Macaulay Camp netted close to \$50 for the B.C. Flood Emergency Fund.

Complaint of the lack of transportation in a district of James Bay was made in a letter received at the City Hall today from Mrs. E. A. Moul, 590 Marlfield Avenue. Mrs. Moul said she was 77½ and felt the present system of transportation was a "terrible injustice for older people, who find it difficult to walk the distances."

Singing Sensation In 'Stork Club'

Andy Russell, the Los Angeles native boy who crooned his way into a Hollywood career via New York, got his musical start playing the drums and in the film in which he makes his screen debut.

The film, Paramount's very deluxe comedy, "The Stork Club," which comes today to the Rio Theatre with Betty Hutton in the starring role, will not only feature the new singing sensation vocalizing a couple of hit tunes, but will also have him at the drums. There are four songs in "The Stork Club," one of which Russell sings in duet with Betty Hutton.

'Daisy Kenyon' Showing At Atlas

"Daisy Kenyon" is a superbly mounted portrait of a woman, and of the conflict and desire which pervades her daily life. Three of the most outstanding exponents of the art of acting, Joan Crawford, Dana Andrews and Henry Fonda, are starred in this latest Twentieth Century-Fox romantic drama, and they combine their talents to provide top-flight entertainment in the hit which opens today at the Atlas Theatre.

Briefly, "Daisy Kenyon" deals with a young, gay, successful career woman whose love for a legal tycoon puts her in the hopeless position of "the other woman."

'Imperfect Lady' On York Screen

A house completely made up of historic rooms from the famed William Randolph Hearst collection was used in Paramount's "The Imperfect Lady," the Ray Milland-Teresa Wright co-starrer currently at the York Theatre.

Eight of the period rooms which Paramount purchased, were assembled to form a London town house occupied by Sir Cedric Hardwicke in the romantic melodrama of Victorian England.

Where To Go Tonight

ATLAS—"Daisy Kenyon," starring Joan Crawford.
CAPITOL—"Scudda-Hoo, Scudda-Hay," starring June Haver and Lon McCallister.
DOMINION—Edgar Bergen and Charlie McCarthy in "Goldwyn Follies."
OAK BAY—"Foxes of Harrow," with Rex Harrison.
ODEON—Glenn Ford and Evelyn Keyes in "The Mating of Millie."
PLAZA—"Dark Command," starring Walter Pidgeon.
RIO—"The Stork Club," with Betty Hutton.
ROYAL—"On the stage," Florence Clough Dance Revue.
YORK INTERNATIONAL—Ray Milland and Teresa Wright in "The Imperfect Lady."

Ladysmith Defeats Vancouver All-Stars In Women's Softball

Ladysmith softballers bounced back from Saturday's defeat at the hands of the Pacifics, to defeat the Vancouver All-Stars, 4 to 1, in a women's softball game at Vancouver Sunday played in aid of the B.C. Emergency Flood Relief Fund.

Gladys Ballance pitched three-hit ball for the island nine and hit a home run with the bases empty to account for one of the markers. Ladysmith got eight hits from the offerings of Paulick of the All-Stars. Lap-sanky drove in one run with a double.

In Saturday's game, Pacifics drove starter Flo Kennedy from the mound with a four-run rally in the fourth inning to take the game, 5 to 3.

Beryl Piper's three-base hit with bases full scored all the Ladysmith runs.

Five C's, Oak Bay And Incogs Score Cricket Triumphs

Three matches in the Victoria and District Cricket Association Saturday saw Five C's, Oak Bay and Incogs register triumphs.

With Griffin showing the way at the wickets with 59 runs the C's marked up their second win of the season at the expense of the Albions. Rowe with 12 runs was the only member of the Albions to reach double figures. Richards gathered in five Albion wickets for only six runs.

With not a single Navy batsman scoring more than a single run Oak Bay won from the sailors 53 to 5. Navy went in for a second innings and managed to pick up an even dozen runs.

With the Wenman brothers, Reg and Godfrey, hitting up 25 and 31, retired, respectively, the Incogs won their match with the Ex-R.A.F. 116 to 83.

In interschool matches University defeated Shawnigan Lake 94 to 40 with Shawnigan winning the junior game by a margin of 35 runs.

Annual Reunion Held At St. Michael's

At the annual reunion of Old Boys at St. Michael's School Saturday a team of old "Old Boys" defeated a team of young "Old Boys," 115 to 64, in a friendly cricket match.

D. Godwin batted well to score 42 runs for the winners.

Acquaintances were renewed at the banquet in the evening which was followed by the annual election of officers.

Capt. J. D. Prentice was elected president with A. Izard, vice-president; K. W. Symons, secretary, and J. Nation treasurer. P. Salmon, E. J. Symons and D. Higgs were named to the committee. L. Hughes was appointed local secretary for the boys in the Vancouver area.

Vega Brothers Off Mexican-Tennis Team

MEXICO CITY (AP)—Nacho De La Borbolla, non-playing captain of Mexico's Davis Cup tennis team, announced Sunday night Armando Vega, champion, and Rolando Vega, No. 2 player, had been expelled from the team.

De La Borbolla said the two brothers, former doubles champions, were expelled because they failed to practice and train with the other two members of the team, Pancho Guerrero Arcocha and Gustavo Palfox.

The team is scheduled to leave within two weeks for Montreal to meet Canada in the first round of the American zone Davis Cup matches.

The Vega brothers announced they had resigned from the team.

Specialist Reports Graziano Recovered

NEWARK, N.J. (AP)—Rocky Graziano underwent a two-hour medical examination Sunday to put at rest once and for all rumors that he was seriously injured in losing his middleweight title to Tony Zale Thursday night.

Abe Greene, state boxing commissioner, ordered the examination by Dr. David A. Flicker, Newark specialist, who had examined Graziano a week before the fight.

The examination disclosed "no neurological impairment" in Graziano, Greene quoted Flicker as reporting.

'Greatest Horse,' Says Jockey Arcaro Of Fleet Citation

NEW YORK (CP)—Turf fans today agreed with jockey Eddie Arcaro's statement that the Calumet Farm's three-year-old Citation was "the greatest horse I've ever seen" after the champion won the Belmont Stakes in romp.

Citation's victory in the Belmont gave the colt the classic triple crown of the U.S. turf—the Kentucky Derby, Preakness Stakes and Belmont Stakes. Citation boosted his total earnings to \$544,700.

The Belmont Stakes was at one and a half miles and after stumbling slightly at the break, Citation won by eight lengths over King Ranch's Better Self, with W. L. Brann's Escadrille third. The winner matched the race record of 2:28 1/5 set by Count Fleet in 1943.

The crowd of better than 43,000 made Citation a 1 to 5 favorite and the colt paid off at \$2.40, \$2.30 and \$2.10 across the board, causing a loss of \$3,041 in the show pool.

Whittemore Uplands Seniors' Champion

T. S. Whittemore defeated H. O. English, 2 up, in the final of the Uplands Seniors golf tourney Saturday to retain the championship and possession of the Dillabough Shield for the second year in succession.

Charlie Smith won the handicapped championship and with it the Buchanan Cup. The Lemon and Gonnason trophy for A class honors went to C. F. Smith; the J. Caven Cup for B class to A. E. Irish and A. F. Priestly; the A. Sheret Cup for C class to T. S. Whittemore, and the S. J. Hallis Cup for D class to A. Edmonds.

English and Edmonds tied for medal honors. H. J. Norman won the first flight and H. C. Hartshorne the second flight. H. H. Lively captured the par competition.

President Ralph B. Mathews presented the prizes during the club's annual banquet. Edmonds, was elected seniors president and Whittemore secretary.

Bob McFarlane Runs 3rd Behind McKenley

NEW YORK (AP)—Sprinter Herb McKenley missed his bid for a new world record at 400 metres Saturday and flunked his first test at a track and field promoter in the bargain.

The Jamaica ace won the 400-metre dash at a benefit meet, just as he is expected to do in the coming Olympic Games. Bob McFarlane, Canadian quarter-mile titleholder, finished third.

But his advertised duel with Lloyd La Beach didn't come off because the Panama flash didn't show up.

McKenley fed 5-10ths of a second short of his announced assault on the world 400-metre record when he turned the distance in 46.4 seconds.

MARRIAGES

STEVEN-HOLLAND-Mr. and Mrs. C. T. Holland, 1011 Lorne Ave., announce the marriage of their daughter, Jean Louise, to a. L. L. Holland, son of Mr. and Mrs. G. A. Holland, 1133 North Park Street. The ceremony took place on June 11, 1948, at 1 o'clock in the First Baptist Church, Rev. C. R. Easter officiating.

DEATHS

CASBIDY-On June 11, 1948, at St. Joseph's Hospital, Philip Henry CASBIDY, aged 78 years, died. He was born in Ireland and had resided in the province for the past 30 years. Announcement of funeral will be made later by McCall Bros., Funeral Directors.

CRAWFORD-On June 12, 1948, at the Royal Jubilee Hospital, Denis Arnold CRAWFORD, son of Master of Arms, Ronald C. Crawford, R.C.N., and Mrs. Crawford, of 204 Shakespeare Street, died. He was born in Halifax, N.S., and had resided in Victoria for the past 25 years. He leaves to mourn his loss, his wife, Mrs. D. M. Crawford, of Vancouver, his mother, Mrs. M. Crawford, of Victoria, his father, Mr. M. Crawford, of Lower Millstream, N.S., and his sister, Mrs. M. Crawford, of Victoria.

INGRAM-Passed away at the home of his brother, where he was visiting in New Westminster, B.C., on June 12, 1948, Alexander Ingram, aged 77 years, beloved husband of Grace Ingram, nee Macdonald, and father of Mrs. M. Ingram, of Victoria, and two grandsons, also two granddaughters. He was born in Scotland, and had resided in Victoria for the past 25 years. He leaves to mourn his loss, his wife, Mrs. A. M. Ingram, of Victoria, his mother, Mrs. M. Ingram, of Victoria, his father, Mr. A. M. Ingram, of Victoria, and his sister, Mrs. M. Ingram, of Victoria.

JENNINGS-Suddenly at Brentwood Bay, on June 13, 1948, at the Royal Jubilee Hospital, William Jennings, aged 81 years, died. He was born in Scotland, and had resided in Victoria for the past 25 years. He leaves to mourn his loss, his wife, Mrs. W. Jennings, of Victoria, his mother, Mrs. M. Jennings, of Victoria, his father, Mr. W. Jennings, of Victoria, and his sister, Mrs. M. Jennings, of Victoria.

WILSON-At the Royal Jubilee Hospital on June 12, Mr. William Wilson, aged 78 years, died. He was born in Scotland, and had resided in Victoria for the past 25 years. He leaves to mourn his loss, his wife, Mrs. W. Wilson, of Victoria, his mother, Mrs. M. Wilson, of Victoria, his father, Mr. W. Wilson, of Victoria, and his sister, Mrs. M. Wilson, of Victoria.
